## WILL DOESN'T THINK MUCH OF CAL'S NEW JOB

(Special To The News)  
NEW YORK, April 11.—There is one "joke job." I think it started with magnates in Hollywood. It's when nobody really knows what your work is around an executive office. You call yourself a "contact man." I never thought I would pick up a paper and see that Mr. Coolidge was a "contact man." Yet that's what the president of the company says he will be. I wish he had taken up some steady work, work that could have been explained clearly what he was doing. Just think of our most industrious citizen being nothing but a "contact man." But that's what makes you a "contact man" is when nobody knows what you are supposed to do.  
Yours,  
WILL.

## American Flier In Difficulty

Young American Flier Who Served With Mexican Rebels Is Somewhat Worried  
TAKES PLANE IN LIEU OF HIS PAY

(International News Service)  
PHILADELPHIA, April 11.—Capt. Edward Barber, erstwhile member of the Mexican rebels' aviation force, may be a long time about securing any of the \$6,000 owed him by Gen. Jose Escobar for his aerial services. The \$20,000 plane the young soldier of fortune flew here from Mexico in lieu of a \$6,000 pay check has been seized by the U. S. Government for failure to pay duty when the plane crossed the border. Captain Barber sadly admitted today it will take quite some time before he can secure release of the plane and realize anything from the sale of it.

He also faces the possibility of the government confiscating it. In fact U. S. custom agents already have flown it to the Garden City airport at Long Island.

Barber was arrested by federal agents but when he told them where the hidden plane could be found at a Camden airport he was released on his promise to appear when wanted. He contends his plane cannot be seized as it was built in this country and duty was paid on it when it was taken into Mexico. Just what his citizenship status is as a result of the nine months he served with General Sundino in Nicaragua and the few weeks he spent in the services of the Mexican revolutionists is Barber's chief worry now.

## Hospital Aid Society Plans For Campaign

Charter Of Jameson Memorial Aid Society To Be Thrown Open

CITY AND COUNTY COMMITTEES NAMED  
Campaign To Be Launched On First Day Of May It Is Stated

Complete plans for the coming membership drive which will be launched the first week in May, by the Jameson Memorial Hospital Aid society, were discussed at a meeting held in the home of the vice president, Mrs. J. Norman Martin of North Mercer street Wednesday afternoon.

At this meeting, which was attended by approximately fifty women, members of the Hospital Aid society, the city and county were divided into districts and workers who will cover the same during the campaign were named.

It is planned to throw open the charter of the organization during the campaign, and all who are received into membership will be known as charter members of the society. Memberships will be given to all who contribute one dollar or more.

To Secure Supplies  
The money which is raised in this manner will be used for the purchase of linens and supplies to be used at the hospital and will be kept in the hands of the society and disbursed by them as the need arises.

Much enthusiasm was shown at the meeting yesterday and those in charge of the campaign believe that several thousand members will be enrolled during the week of the drive.

A house-to-house canvass of the city and county is planned by the workers, starting the first day of May. On Sunday, May 5th, the ministers of the city and county will be asked to call the attention of the citizens to the worth of the organization and its purpose.

At the meeting yesterday, the city was divided into districts, each ward (Continued On Page Twelve)

## Inquest Today In Recent Disaster At Kinloch Mine

From 16 To 20 Witnesses Will Be Heard Today At Coroner's Inquest

EYE WITNESSES TO TELL FACTS  
(International News Service)  
GREENSBURG, Pa., April 11.—From 16 to 20 witnesses were expected to be called at the coroner's inquest into the Kinloch mine disaster at Parnassus which opened here today.

Originally 12 witnesses were to be summoned, but Coroner James Harkins late yesterday ordered subpoenas to be served on several miners and a policeman who were on duty at a building near the mouth of the shaft when the explosion belched forth its death blow on the morning of March 21, killing 45 men and injuring four.

The jury hearing the details is composed largely of mining men. Three mining engineers, one miner, a mine foreman and a retired railroad make up its personnel.

The jury members: William Muse, Robert Ramsey, George W. Hutchinson, all mining engineers; Alexander Hamilton, a retired miner; James McCarty, a mine foreman and P. F. Fogarty, railroadman all of Greensburg.

Testimony to be offered included that of mine inspectors, miners and laborers at the mine. The office of the district attorney has a representative at the inquest.

## Five Arkansas Towns Reported Hit By Tornadoes

Details Meagre But Aid Is Being Rushed To Devastated Section

TWISTER CUT PATH TWO MILES WIDE

Report Scores Injured And Property Damage Is Enormous

(International News Service)  
Between 40 and 50 lives lost and scores injured is today believed to be the toll of a series of tornadoes which yesterday and last night struck various sections of Arkansas.

Telephone and telegraph communication is disrupted in the northern portion of the state but fragmentary reports tell of the destruction of several towns and of the removal of dead and injured to hospitals at Batesville, near Guion, which was reported partially destroyed.

The towns struck by the tornado were Sneeds, where 14 are reported dead; Alicia, 11 killed, according to reports; three dead at Guion, nearly fifty injured; seven dead at Lardado, and two dead at Parkin.

Two additional dead were reported from Moorfield, a village near Guion, by trainmen on the Missouri Pacific railroad.

Report 40 Killed  
Memphis, Tenn., April 11.—Unconfirmed reports received here from Swifton, Ark., stated that possibly 40 persons were killed in a tornado which swept that section last night. Many homes were reported demolished by the twister between Swifton and Alicia, and while it was believed many persons were killed, no definite check up could be made due to the crippled condition of communication lanes.

Five Towns Wiped Out  
Little Rock, Ark., April 11.—Two score persons were reported dead and many injured today from tornadoes which struck in the northern part of this state last night.

More than five towns were said to be wiped out. According to the sheriff at Newport, 21 persons were dead at Swifton, where the number of fatalities is expected to be the heaviest. The sheriff also said that 30 persons were taken to hospitals from Guion, Ark., another town struck by the twister, but the number of fatalities could not be learned.

Almond, a small town struck by the twister was said to have three deaths and a large number of injured. This town was directly in the path of the tornado.

# American Forces On Mexican Border Now Number About 7,000

Additional Men Ordered To Mexican Border To Protect American Lives

WASHINGTON, April 11.—With the dispatch of 1,500 more American troops to Mexican border stations, there are now about 7,000 soldiers, infantry and cavalry, and artillery, strung out at strategic points along the border to protect American lives and property. War department officials estimated today.

The reinforcements were ordered from Fort D. A. Russell, in Wyoming, by Maj. Gen. Wm. Lassiter as a precautionary measure. Gen. Lassiter has wide discretionary authority as to the disposition of his forces.

The troops, strung out from Brownsville, Tex., to the California line comprise six regiments of cavalry, two regiments of infantry, and auxiliary outfits of artillery, and air service.

# Pennsy Traffic Is Crippled By Wreck

Eighteen Freight Cars Are Destroyed Near Oakdale, Pa., Early Today

PITTSBURGH, April 11.—Eighteen freight cars of a 93-car Pennsylvania freight train were derailed at Oakdale, near here, early today, tying up traffic on both tracks of the road for several hours.

Wrecking crews were rushed to Oakdale from Carnegie and Steubenville, and Pennsylvania railroad officials hoped to have both tracks cleared by noon. No one was injured. It was thought that a brake beam broke on one of the cars in the center of the train, plunging seventeen others off the tracks with it.

Traffic was rerouted through Mingo Junction and Yellow Creek, O., and Rochester, Pa., from the Pennsylvania line to the Fort Wayne division. Hundreds of Pittsburgh commuters were delayed several hours by the wreck.

Pennsylvania officials were not in position to estimate the property damage, but it was said here that since all cars were of steel construction, the damage probably would not be large.

# House Calendar Full

The House will take care of the many bills that have been delayed because of failure to come from the state printer.

The Harris voting machine bill which has been pending final action in the House all this week has been made a special order of business on final passage for next Monday night. The Scharf bill authorizing the sentence of persons convicted for a second or subsequent offense of certain crimes, to additional prison terms and to imprisonment for life will also be on the House calendar Monday night on special order of business. Senator Leslie's metropolitan district bill applying to Allegheny county is likewise scheduled on special order for the Monday night session. Decision to postpone final action on these measures was made so that all members would have an opportunity to pass upon them.

# Hold Late Session

The House was in session until 11:47 o'clock last night before it disposed of the bills that were trickling in from the state printer from time to time. The last two bills passed were the Lynch bill making it a misdemeanor to wear illegally a uniform of a soldier, sailor or marine, and the Bickett bill providing for the distribution between townships and the commonwealth of the cost of maintaining township reward riders.

A bill which would permit cities of the third class to procure lands either within or without the county in which they may be located and permitting counties to join with them in establishing airports was passed finally by the House. # STAR LORE

SOLAR AND STELLAR LIGHT TRAPPED AND DISSECTED

By Arthur D. Carpenter

Because sun and stars are hot and luminous, they radiate light waves. These light waves travel with astounding velocity. The astronomer traps them in his telescope and submits them to analysis in his spectroscopic. The most simple spectroscopic to explain is the glass prism. Light passed through a glass develops rainbow colors. They are what sun and star light are made of. Each color signifies a distinctive wave length—frequency—of vibration. The frequency determines the angle at which it must leave the prism. Thus a ray of light, passed through a prism, has red angled off to one extreme, violet to the other, with the other colors—vibrations—intervening.

Mr. Walker was one of the well known and highly respected farmers in Little Beaver township, having lived in that community for 31 years. Previous to taking up farming he was a carriage and wagon maker, being located at New Galilee. He was a member of the United Presbyterian Church of New Galilee.

Surviving him are two sons, Dr. J. A. Walker of Youngstown and Wendel N. Walker of Little Beaver township. He also leaves one brother, John Walker of Oil City, and a sister, Mrs. Jennie Bailey of Salem, O., and four grandchildren, Wayne, George, Jean and Florence Walker of Little Beaver township.

Funeral services will be held Saturday, April 13, at 2 p. m. from his late home with Rev. Calvin of New Galilee in charge. Burial will be made in Union cemetery.

Dean Lenz Buried.

Funeral services for Dean Nelson Lenz took place Wednesday afternoon at 3 o'clock at the home of his grandparents, Mr. and Mrs. Nelson Anderson of Neshannock township. Rev. St. Clair, pastor of the Neshannock U. P. church, was in charge.

The pallbearers were Hugh and Harry Spear, Paul and Raymond Newman. Burial was made in Oak Park cemetery.

Ellen M. Leitch.

Miss Ellen M. Leitch, aged 80 years, died at the Beaver County Home for Aged People at New Brighton Thursday morning at 1 o'clock. The body has been removed to the home of Mrs. Walter Leitch, 2010 Fifth avenue, Beaver Falls. Announcement of funeral will be made later.

Funeral Services.

Funeral services for Earl Altman of Harlanburg took place from the Jos. S. Rice funeral chapel Wednesday afternoon at 2 o'clock with Rev. George M. Landis, pastor of the First Baptist church, officiating.

The pallbearers were Samuel Altman, Oscar Altman, Mack Mincey, Paul Fombele, Charles Mosemuh and Clyde Altman. Interment was made in Oak Park cemetery.

Antonio Colao.

Antonio Colao, aged 55 years, died Wednesday afternoon at 2 o'clock at the home of his nephew, Frank Colao, of 1029 South Mill street, following an illness.

The deceased is survived by one brother Vido of Ellwood City. Funeral services will be conducted Saturday, April 13, at 9 a. m. from St. Vitus church. Interment in St. Vitus cemetery.

E. M. Burk.

E. S. Hill of Boyles avenue has received word of the death of his brother-in-law, E. M. Burk, which occurred at 11 o'clock Wednesday night at his home in St. Petersburg, Fla., after an extended illness of five years' duration.

Mr. Burk was well known in the vicinity of Hillsville and Bessemer, having conducted stores in those places previous to leaving for the south some years ago. He was 60 years of age.

Besides his widow, Nancy R. Hill, he leaves one daughter, Katherine, and three nieces, Mrs. B. F. Karlier of New Castle and Mrs. C. C. Patterson and Mrs. J. O. Hager of Heppner, Oregon. Burial will be made in St. Petersburg.

Joseph Jilvine.

Philip Day.

Philip Day, aged 45 years, one of the best known and highly esteemed residents of Clinton, died Wednesday evening at 4:30 very suddenly from apoplexy at his home in Clinton.

Mr. Day became ill early Wednesday morning and despite all medical care that was given him he became gradually weaker and passed away just evening. His death comes as a great shock to his immediate family and many friends throughout the community.

Mr. Day was born in Clinton and had spent his entire life in that vicinity. He had always taken an active interest in the educational and civic life of the community. He was an ardent member of the Clinton Methodist Episcopal church and the Sunday school. He was also a member of the Rock Point I. O. O. F. lodge and the Knights of Pythias and F. P. A. of Wapuan. For a number of years he had served on the Big Beaver township school board.

Besides his wife, Mrs. Florence Day, he leaves one daughter, Doris; his mother, Mrs. Mary E. Day, who resides with him, and three sisters, Mrs. Harry Guy, Mrs. William Reed and Mrs. Joseph McKnight, all of New Brighton.

Funeral services will be held Saturday, April 13, at two p. m. from the Clinton M. E. church. Burial will be made in the church cemetery.

"I was afraid it was true," Mrs. Jackson said. "Yesterday they described the body and her clothes, and I knew then that it was my sister. I can't say much now."

Mrs. Jackson said that any decision as to whether she would claim the body would not be made for 24 hours. A son, Richard Jackson, 28, who is boys' secretary of the Y. M. C. A. at Orange, N. J., which is a few miles from Elizabeth, N. J., was instructed today by his mother to confer with authorities in Elizabeth.

## NATIONAL WORKER IS GUEST AT LUNCHEON

The Castleton ballroom was the scene of a beautifully appointed luncheon Wednesday, given by New Castle section, National Council of Jewish Women, with Mrs. William Cosel presiding.

The opening prayer was read by Mrs. J. F. Perelman. Mrs. Nathan Dunn, president of the Sharon-Fairrell section, and Mrs. E. Roman, a former member of Beaver Falls, brought greetings from their sections. A number were present from both sections.

At the short business session greetings were read from Mrs. Marcus Feuchtwanger, president of the local section, and Mrs. Julian Pack, state president.

The calendar was chosen as the flower to represent the council at the fall flower show.

Mrs. M. Davis, chairman of the nominating committee, gave the following report: president, Mrs. Marcus Feuchtwanger; honorary vice president, Mrs. Joseph Ehrlich; second vice president, Mrs. I. Grossman; third vice president, Mrs. Sam Klafier; recording secretary, Mrs. M. Herskovitz; corresponding secretary, Mrs. M. Schoenberger; financial secretary, Mrs. A. Gornick; and treasurer, Mrs. D. Silverman.

Mrs. Gladys Rosenthal rendered two beautiful vocal solos, accompanied by Mrs. E. O. Fankhauser. Mrs. Cosel introduced the speaker and honor guest of the occasion, Mrs. Max Margolis, who for six years served as president of the Philadelphia section and has been a member of the national board for the past 20 years. She is also a prominent member of Hadassah national board.

Mrs. Margolis in her interesting way explained how the immigrant aid work of the national council has changed its scope, due to the restriction of immigration under the new quota law.

She spoke in detail of international peace, urging that each one help to make it a reality. Mrs. Margolis' talk was well received.

The closing prayer was led by Mrs. N. Linville.

The committee included Mrs. P. H. Levine, Mrs. Sam Levine, Mrs. N. Linville, Mrs. J. Marlin and Mrs. J. F. Perelman.

**O. D. 500 Club.**  
Mrs. Sarah Smith and Mrs. Nellie Phillips were joint hostesses at a 1 o'clock luncheon Wednesday for members of the O. D. 500 club in the former home on Huey street. Covers were laid for 42 and tones of pink and white were carried out in the menu.

Two tables of 500 were in play during the afternoon and prizes were won by Mrs. Nellie Moncrief, Mrs. LaVerne Price and Mrs. Cora McKnight.

Mrs. Cora McKnight, DuShane street, will be hostess in two weeks.

**E. O. T. Club.**  
Miss Margaret Kelly was a special guest when Mrs. Harry McChesney, East Washington street entertained members of the E. O. T. club Wednesday evening. Music and games were enjoyed and prizes were won by Mrs. George Hurn and Mrs. Fout.

Mrs. William Fulmer assisted the hostess in serving dainty refreshments.

The members will meet with Mrs. Jack Biddle, Etna street, in two weeks.

**What is said to be the smallest watch in the world is now being displayed by Jack Gerson, prominent jeweler. It is shown on the wrist of Miss Irene Bordoni, the internationally famous star.**

This watch is an exact duplicate of the watch that was presented to Her Majesty, Queen Marie of Roumania, upon her arrival in New York.

The inset shows a close-up of the watch on Miss Bordoni's wrist. She is holding a dime directly above the time-piece to show that the watch is smaller than the coin.

The watch is so tiny that it was impossible to embody the regular Avenue, New York, who manufacturing mechanism found in factured this remarkable watch.

To Hire 600,000 Men.  
Wanted, 1,000,000  
Pledges.  
Little Miss Guinan.  
Wall St. Puzzled.

By ARTHUR G. BRISBANE  
(Copyright, 1929, King Features  
Synd., Inc.)

The most important news for the world in general and for future generations is Lloyd George's promise to diminish unemployment in Britain by putting 600,000 men to work at once.

Even the most stodgy Tories no longer laugh at statements by Lloyd George. He arranged their finances before the war, financed the war, built ammunition factories and supplied ammunition, then ran the war.

He says he will employ the idle without costing the taxpayers a penny, putting them at useful work which will more than pay what it costs to hire them.

American statesmen should read Lloyd George's book on the subject. Price sixpence.

The Women's Christian Temperance Union wishes at least 1,000,000 persons between 14 and 30 to sign a pledge to obey the Eighteenth Amendment.

It's a good idea to select Americans from 14 to 30. They seem to do most of the drinking now.

If High School girls and other young ladies continue at the present rate we shall have fathers and mothers outside the night clubs at 4 in the morning saying, "Daughter, dear daughter, come home with me now."

Miss Texas Guinan, who greets her night club customers appropriately with "Hello, sucker," and is alleged by prohibition agents to sell them champagne for \$25 a bottle, is on trial before 12 good men and true, middle-aged.

Covered with diamonds, the "little girl" says she cannot understand why a great big country like this should want to keep her from making a living.

The prosecuting attorney said, "This lady's business is to make whoopee." Can anybody hope that 12 gentlemen, even middle-aged, will object to that, in these days?

Wall street was "unsettled" didn't know what to think about anything. From Cleveland, Harry W. H. Ford wires: "Please get the Federal Reserve Board to attach to their next warning a list of the stocks they consider good short sales, and at what prices they think the same should be covered."

The Federal Reserve, no doubt, sincerely desires to protect the public against itself, but seems not to know how to go about it. Part of an amusing situation is this: Corporations don't need money have been borrowing from the Federal Reserve on commercial paper, then sending that money into Wall street to be lent at 15 and 20 per cent as call money.

It might be as well for the Federal Reserve to let the banks borrow direct on collateral loans.

The Bank of England devotes 20 per cent of its resources to such loans, protecting security buyers from usurious rates.

Britons apparently can be trusted to use sound investing judgment. Americans can't. British won't stand tossing. Americans, as Northcliffe said, are "doodle."

Alfred P. Sloan, Jr., president of General Motors, in Paris, says there is nothing "in the report that General Motors has purchased for \$50,000,000 the Citroen, biggest automobile plant in France."

General Motors, however, HAS bought the great German Opel automobile works. A while ago that was denied.

Cardinal O'Connell, chief of the Catholic hierarchy in America, refers to Prof. Einstein's "relativity and utterly befogged notions about space and time" as having a basis "to produce a universal doubt about God and His creation."

The Cardinal said he did not wish "at this time" to accuse Prof. Einstein of "deliberately wishing to destroy the Christian faith," but the Cardinal described the Einstein theory as a cloak "beneath which lies the ghastly apparition of atheism."

Einstein, in Germany, said he did not wish to enter into any discussion and that Cardinal O'Connell's statement "left him cold."

It would not have left him cold if it had been made in the days of Galileo or Giordano Bruno.

Helen Wills, champion California tennis player and champion American girl, will meet Queen Mary. The Queen will see something worthwhile. She has already met Miss Ruth Draper. After Helen Wills is presented, the Queen will know two of the finest young women in this country has produced. Fortunately for us, we have many more at home like them.

## Hints and Dints

Sun sets tonight 6:34. Sun rises tomorrow 5:28.

As the traffic cop said after arresting the speeder, "I pulled a fast one that time!"

The highway police in Mercer county are making a drive against automobiles parked along the roads "palling without lights." Wonder what would happen if they patted with the lights on? Oh, wam, de doodle wam!

Some women are popular until their husbands make a little money and they get to be social climbers.

**BUDDIES**  
He—No, my father wasn't exactly a policeman, but he went with them a great deal.

A lady in the eastern part of this state claims she was surprised when she was arrested when a huge steel was found in her cellar. There were 20 barrels of mash found. She said she had rented the cellar to some gentleman and did not know what was going on in it. She must have been deaf, dumb and blind and lost her smell. There is one thing that cannot be kept secret and that is a still—or perhaps one more thing, cigs.

Politicians support candidates for office so they can "own" them when they are elected. If any appointive office is to be given out the politician wants the credit for handing out the "pup." The officeholder is controlled in all his acts by his "boss" who is about always as rotten as any human can be.

"My son," said the father, who was addicted to moralizing, "this is the age of specialists. Is there anything you can do better than anyone else in the world?"

"Yeth, thir," lisped the small boy. "I can read my own writing."

Some one asks us why theatrical people can get more divorces than other people. Huh, that's easy! Because they marry often.

It is said the wind was so strong that it literally tore the pants off a radio operator one day last week. He had 20 perfectly good American dollars in the pants also. Every time that bird feels a wind coming on after this he will try and anchor his pants anyhow.

A bird out in Denver is to be executed for killing his wife. He confessed he killed her "because she loved me and wouldn't leave me alone." Three kiddies will be orphans after he goes. Just think of killing a wife because she loved her husband! Heinz preserve us!

"You say you cannot get along with your husband. People must learn to bear and forbear. Did you ever try heaping coals of fire on his head?" "No, I don't know as I ever did—but I've tried hot water!"

Mr. Wilson, the Democrat who is after Mr. Vard's seat in the U. S. senate, says he is going to be seated. After that bird was so strong for Al Smith he certainly has his crust to go after Vard's seat. We would rather have nothing than Wilson in the U. S. senate from Pennsylvania.

The following statement may be of some use to a traveler some time. If one gets a pint of prescription whiskey for medical purposes in this country and takes it to Cuba or any other foreign port, the holder of it cannot bring that bottle of liquor back into the United States, even if it complies with all the prohibition rules and laws we have here. This is nothing

to weep over unless you happen to have a pint at port of entry and you are embarrassed by the customs officials over something that you may think mighty queer.

"Eliza," said a friend of the family of the old colored washerwoman, "have you seen Miss Edith's fiancé?"

Eliza pondered for a moment, then bent over the laundry tubs once more. "No, ma'am," she said, "it aint been in the wash yet."

Some chaps cannot be blamed for going to a golf school and it don't seem to do any good at that at times. We are one.

The great trouble with most of the chaps who favor daylight saving are the ones who waste daylight.

Son—"Daddy, why do people call me poor fish?"  
Dad—"Because most of 'em fall for a bright rag and a bunch of feathers."

Elwood City is having a new industry which employs a lot of girls. They go after they want in that place—and get it without conversation.

The dance halls in Mercer county are to be watched from now on and under no circumstances will any drinking be allowed in such places. Omigosh!

"You will have trouble with a dark lady," predicted the fortune teller.

"Think hard, sister, and be sure you are right," replied the wise wisdom seeker. "I'm married to a blonde."

This is the time of year when people ought not to eat much, and if your wife is on a reducing diet you won't eat much either.

Money is a thing that is easy to borrow when you don't need it, and almost impossible to borrow when you do.

A lady phoned the water office relative to hours for watering the lawn. "What is the proper time to put on my hose?" she asked.

"Really, madam, I believe immediately after your B. V. D.'s" came the ready response.

Necessity may or may not be the mother of invention, but there is no sort of question about Hustle being the father of Success.

We envy the man who forges to the front but it is hard for us to admit that he had his coat off and was working, while we turned over for another nap.

A man dropped into our office this morning who was in a state of mind. He said he sold his home on one of the principal downtown residence streets because they chucked a gas station right in next to him and he couldn't stand it. He added that every time a street car went past his house it shook the "Peace Be With You" motto off the wall and to escape it all he moved up on the hill where he thought he could be quiet, and "What do you thing," he said, "I plumped right down into the midst of police dogs who bark at me and chase me every time I go home, cats that howl and keep me awake all night and the neighbors' chickens have scratched up fully \$300 worth of our flower and vegetable seeds."

"I am now in communication with Cleopatra," said the medium, dreamily. "Does anyone wish to converse with Cleopatra?"

"Gosh, I'd like to!" exclaimed a little man in the rear of the darkened room, "but the minute I got home my wife would know I'd been up to something."

Crooked men sometimes get business, but only straight men keep it.

Life is a game, a game that must be played in accordance with the rules or we will be relegated to the mourn-

ers' bench. Lots of people who think they are patient and long suffering are morally lazy and short-sighted. The game is never over until it is won or lost. Many a man has bowed his head and left the dock just before the boat came in.

Dishonest men, "shrewd" men, frequently prosper for a season, but they are morally lazy and short-sighted. The game is never over until it is won or lost. Many a man has bowed his head and left the dock just before the boat came in.

Money's a good thing to have, but a poor thing to worship.

An old-timer is one who can remember when girls wore black stockings.

Mexican rebels are looting banks and Brisbane calls it a religious war. That same kind of religion seems to be epidemic in Chicago.

An optimist is one who thanks Heaven for his rescue; a pessimist is glad Heaven treated him no worse.

Bridge Player's Plea.  
Stranger at my back, I pray.  
Do not tell me how to play.  
I can't judge me as I told.  
Memento undisturbed I need.  
Watch me if you must and will.  
But I beg of you be still.

Friend or foe behind the chair.  
Mine must be the loss to bear.  
And although three hands you see,  
I prefer my chance to run.  
Unadvised by anyone.

Sit you down and watch the game.  
But that impulse to exclaim.  
Where and how a trick I missed.  
Please I beg of you, resist!

If the four hands I could view.  
I could be at ease as you.

## Warm Tributes Place Herrick Among Nation's Great Envoys

### Ambassador Who Began Life In Log Cabin Won Hearts Of Nations And Men Through Gentle Traits Of Kindness And Understanding

Qualities which made him friends against the central powers, the French of both nations and men are appreciated at least hold him in this regard. The stated universally in estimates of the outbreak of the World War gave him a chance to serve the French Republic. His death in office as ambassador to France followed exposure to the funeral of Marie Poch. His simple method is called the highest form of diplomacy.

The tributes of loving admiration paid by France, by the United States by Ohio and by Cleveland are paid with greater devotion because the late ambassador always put duty and country before personal safety or body. He usually spoke the CLEVELAND NEWS, which also finds "recognition in the knowledge that his spirit enabled him to enjoy life so well toward its close, though his strength was no longer robust and his determination to do his utmost for both countries left him little opportunity to consider his health.

"Born in a log cabin and sent into life's battle as a youth with no resources save his own courage and talent and integrity, he forged his way from meager schooling to liberal culture, from poverty to wealth, from a peddler's cart to a governor's chair, to an ambassador's fame, to a place at the helm of history to a noble seat in the admiration and affection of two of the earth's great peoples," according to the tribute of the ATLANTA JOURNAL. The TULSA WORLD states that "this service stands out for real diplomacy, for candor and courage and a large degree of intelligent decision to carry out the best development of American methods."

"An American business man, who happened to be ambassador to France," recalls the CINCINNATI TIMES-STAR, "rose to a great emergency. He caught the spirit of France, he inspired his people, he applied the methods of organization that had brought him recognition as a man of business and affairs back in Ohio. The result was that, when the exigencies of politics caused him to return to the United States, he received as it were, only a leave of absence. From France he returned a few years later, and remained to die among the French people whom he loved so well."

With a tribute to his heroic qualities and recognition that "in both public and private life Mr. Herrick exemplified gentler traits of kindness, sympathy and understanding which were all his," the SAN ANTONIO EXPRESS concludes: "The good diplomat's most important work deals with intangibles. Years after the husbandman has passed, it comes into full fruition."

The DAVENPORT DEMOCRAT sees three pictures of the ambassador in the man who refused to leave his post. He was the perfect ambassador, the threatened capture of the city by the Germans in 1914; another, the adviser of Lindbergh; and the third, "of the American ambassador walking bareheaded in the Poch funeral cortege of a few days ago." The Democrat holds that "between these high points he had been in private life a successful business man and good citizen."

The KANSAS CITY STAR holds that along with Col. Lindbergh, he should be known as the ambassador of American good will.

"He was distinctly a service renderer in every role he assumed," in the opinion of the NASHVILLE BANNER, while the SOUTH BEND TRIBUNE says the "nearly perfect ambassador," and the WHEELING INTELLIGENCER asserts that "he never failed."

The LANSING STATE JOURNAL pays the tribute that "he was such an ambassador as the average man thinks he would like to be."

"He served his country well in every natural and simple manner," says the CHICAGO EVENING POST, "without seeking any diplomatic triumphs or statesmanlike achievements, and that, perhaps, is the best service an envoy can render."

The GREAT FALLS TRIBUNE sees in him "an American of the best type who commanded respect wherever he was known." The paper records that "several presidents offered him honors," and the PITTSBURGH POST-GAZETTE recalls that "three presidents had offered him cabinet posts," while "it was left to President Taft to place him in the position in which his highest fame was achieved."

"The death of Mr. Herrick has released a volume of affection that Americans rarely can command," states the CHICAGO TRIBUNE, "and, though historians must decide whether the late ambassador caused America's entry into war."

**THE RAGGED EDGE**  
American workers, owning their homes, automobiles, radios and perhaps an ultra-violet light, sometimes look about them on the ragged edge of the American workers' situation with men in corresponding trades in Europe in enlightenment. The American fares from one-third to four times better than his Continental brother.

**TRAFFIC**  
What the \$225,000,000 Panama canal was opened its accommodations were expected to be ample for ages. After 15 years of operation the canal tonnage is 65 per cent of capacity. At that rate of traffic growth it won't be many years until the maximum is reached. And then what? Will \$100,000,000 be invested in a third lock system or will the nation have the spectacle of perhaps \$700,000,000 on a Nicaraguan canal? Traffic jam in the canal is as certain as mortal.

**DISEASE**  
A small epidemic in any city causes alarm. Our mental state may be such that we are living in a barbarian. One thousand deaths from some mysterious disease, resembling influenza, have just been reported. Fortunately are the persons who live in a land of abundant medical supplies and a sufficiency of thoughtful doctors.

**NO MAN CAN LIVE**—Happily, and be wrapped up in himself. Nobly, and allow his mind to be occupied with remorse. Holy, and allow his passions to run unbridled. Greatly, and think only of his own rights. Selfishly, and not find his growth in the state of his hands. Horribly, and not sponser some unpopular causes. Aggressively, and not make some enemies.

**JUST "ANOTHER."**  
A stranger in Aberdeen stopped a native and asked, "Could you oblige me with a match?" Silently the Aberdeenian handed over a box, which the stranger took and examined with curious interest.

"My friend," he said, "I have a bit of good news for you. I see you use our matches, and my firm has authorized me to hand a guinea to every man I meet who produces one of these boxes—so there's your guinea."

He turned away, leaving the astonished Aberdeenian gazing at his golden windfall, but he hadn't gone far when he heard the other shouting to him to stop.

"Hey," said the Scot as he came up, "I thought there was a catch in it—you've awn' wi' my matches."

Well, anyhow, women can't trip over their skirts any more at least not when they're wearin' 'em.

## Large Audience Sees Operetta

Children Of Arthur McGill  
Star In "What's The  
Matter With  
Sally?"

Over 900 persons witnessed pupils of the Arthur McGill elementary render their two-act operetta entitled "What's The Matter With Sally?" in the auditorium of the George Washington Junior high school Wednesday night. Last night's performance was the second one given by the children, a matinee having been presented for school children on Tuesday afternoon.

The underlying plot of the play was interesting and executed in a manner that made it even more so. Teachers of the Arthur McGill school are directly responsible for this and it manifested the commendable work on the part of those who supervised the production.

The plot full of interesting situations, finally developing into a characterization of friendship, love and loyalty.

Pupils in the choruses sang well and received the deserved plaudits of those in the audience often. The dancers tapped the light fantastic toe with as much ease and gracefulness as do many veteran artists of the stage. They performed remarkably for children of elementary school age.

Following are the scenes of the two acts and the characters in the play in the order of their appearance.

Act I. Scene: Schoolroom of an Orphanage.

I. "We Work Very Hard in School!" Miss Pudence and Orphans.

II. "Welcome Sally!" Orphans and Sally.

III. The Dreamland Boat, Annie and Orphans.

Recitations: "Little Orphan Annie," Margaret Louis McCracken.

Solo Dance, Jeanne De Lillo.

Act II. Scene: Same.

IV. Song of the Suds, Orphans.

V. Paper Doll Town, Pudence, Agnes, Betty, Peter and Paper Doll Chorus.

VI. "What's the Matter with Sally?" Entire Company.

The Characters Appearing:

Miss Celia Lane, a teacher at the orphanage, Donna Jean Beall.

Pudence, an orphan, Suzanne Sadler.

Mrs. Blount, matron of the orphanage, Ruth Shale.

Peter, an orphan, Bobby Cole.

Mrs. Van der Lynn, Sally's mother, Jeanne Lamoree.

Sally, a rich little girl, Jane Ellwell.

Betty, an orphan, Betty Lou Orr.

Agnes, an orphan, Katherine Gance.

Annie, an older orphan, Sally Norris.

Dancers: Little Tin Soldier Harold Sewall; Little Toy Dancer, Leah Davis.

Fairies: Lois Leddy, Suzanne Flick, Virginia Cartwright, Ruth Cartwright.

## Former Governor Of Florida Held As Counterfeiter

Former Executive Of Florida  
Strongly Denies Charges  
Made Against Him

(International News Service)

TALLAHASSEE, Fla., April 11.

Other than to protest laconically that he was the victim of a "frame-up,"

Sidney J. Catts, former governor of Florida indicted by a federal grand

jury at Jacksonville for alleged participation in a counterfeit ring, today refused to make a statement.

He is free on bond, having posted \$17,500 with the United States commissioner at Marianna, Fla. last night.

W. L. Cawthon, Etulak Spring banker, is Catts' principal bondsman.

Immediately following receipt of information of his indictment, Catts proceeded from his home in DeFuniak Springs to Marianna with his bondsman after his bond had been executed, Catts said.

"Gentlemen, you have nothing to fear. I will never leave the state so long as there is another election in the offering."

## Mansell Admitted To Harvard Law School

THOMAS MANSELL.

(Special To The News)

NEW WILMINGTON, April 11.

Thomas Mansell, New Wilmington, a member of the senior class at Westminster College, received word last

week from Harvard Law School that he has been admitted on certificate to the class of September.

Since enrollment in the Harvard school is limited Mansell is fortunate to be accepted. Robert Ferguson, a member of the Westminster class of 1925, will be a senior at Harvard Law School next year. He, too, was admitted without examination by presenting his diploma from Westminster, a grade A college.

Mansell, a graduate of Bridgeport, Conn., high school, is in the upper quarter of his class scholastically. He has been a member of class and varsity debating teams, has been on the tennis team, played class football two years, is a member of Tau Kappa Alpha, debating fraternity, and is a member of Phi Phi Phi fraternity.

## Wounded Veteran Believed Faker

New Castle Citizens Are Warned  
To Be On Outlook For  
Similar Cases

Last week a man giving his name as Albert Smith and claiming to be a wounded World War veteran, was apparently taken ill near the police station and was turned over to the American Legion Post by the police for aid.

He told officers of the Legion that he had been in the hospital at Battle Creek, Mich., and gave a service number. The Legion Post provided lodging for him overnight, but when it was intimated that his record was to be investigated by the Post, he promptly disappeared.

Pat J. Dempsey, executive secretary of the Red Cross, who takes care of such cases, has since found that the hospital mentioned had no record of him as a patient.

On file in the Red Cross office is a list of several hundred transients who have been living off charitable organizations for some time. 10 different lists having been published during the past year or so, giving the record of these men, all of whom claim to be ex-service men.

The public is warned by Mr. Dempsey to be on the alert for such men and to report promptly to the Red Cross or American Legion such cases as come to their attention, so that they may be promptly investigated.

If their cases are worthy they will be given aid by the Red Cross and American Legion.

## Lawrence County Boys Return After 7,000-Mile Jaunt West

Paul Baldwin of the Butler road, and James Stickle, Princeton, have just returned to their homes following a 7,300-mile motor trip west. Messrs. Baldwin and Stickle spent the winter in Phoenix, Ariz., some time was also spent in Portland Ore., where they visited Mr. Baldwin's uncle J. Lynn Baldwin formerly of New Castle.

The Lawrence county young men report a "wonderful" return trip home over the northern route. For two days they traveled through nothing but snow and mud.

While in Arizona they had the pleasure of hearing Gypsy Smith, that

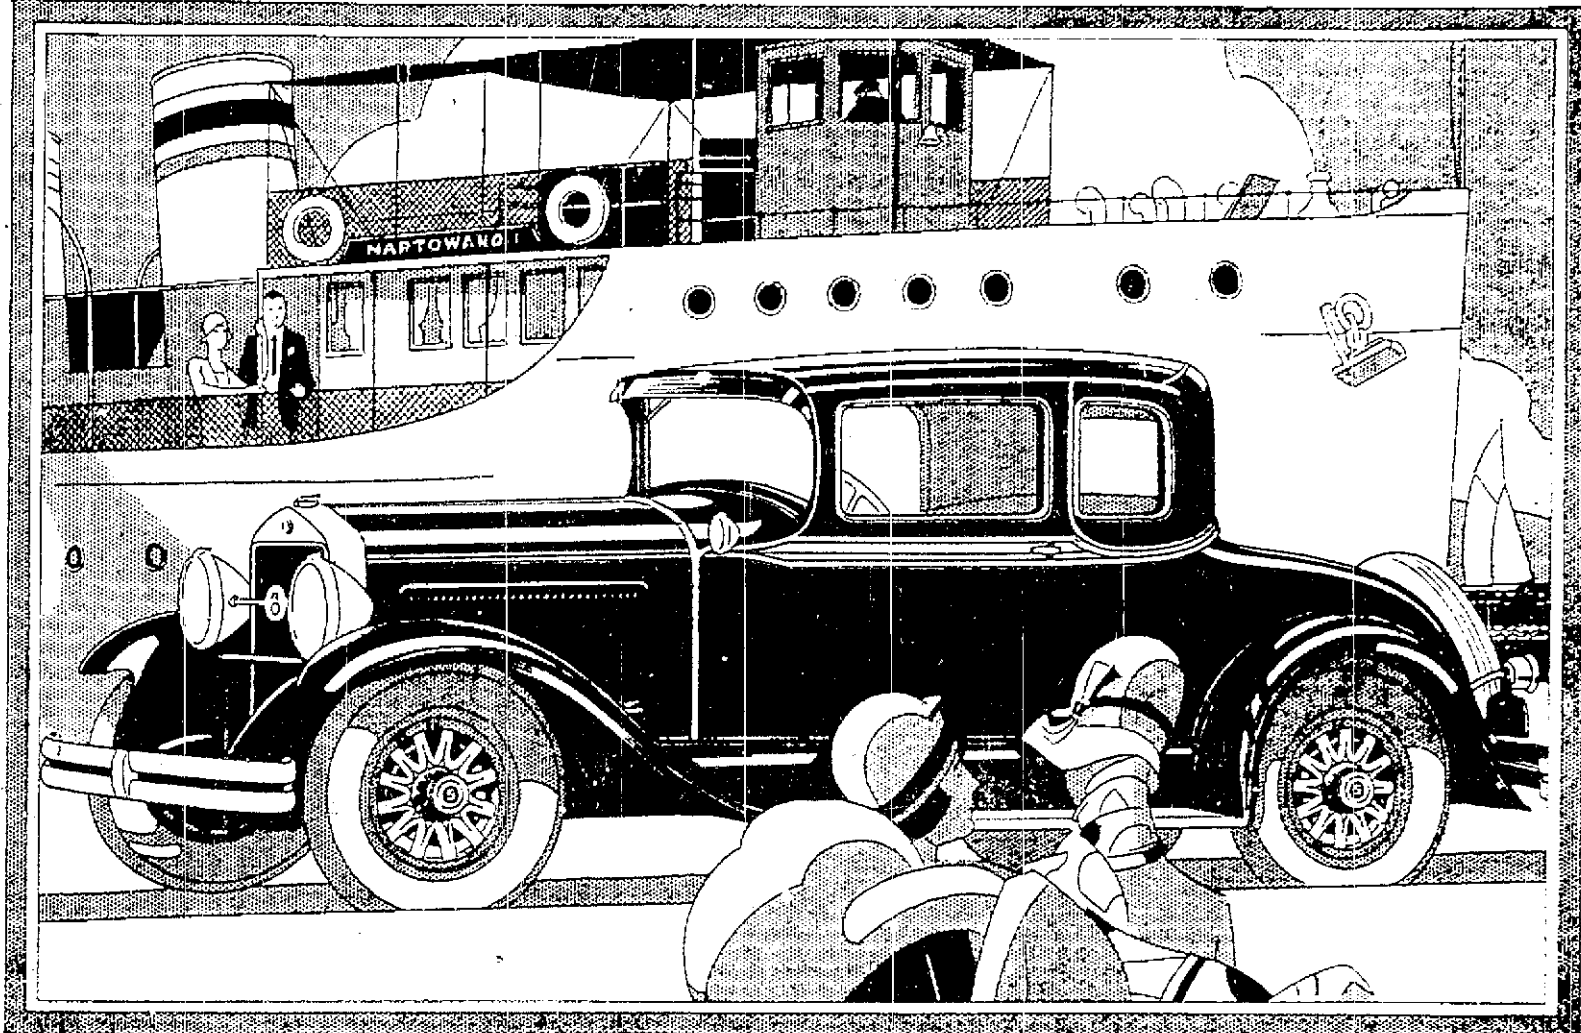

great evangelist. The boys also report that is you cannot "make good" in Pennsylvania it will be more than hard to make good anywhere else.

The boys had The New Castle News sent to them during their entire journey and read it every day. They report great interest in getting your own daily paper when so far away from home.

WHICH'S WHICH?  
"What do they mean by the 'witching hour'?"  
"Don't you know? That's the hour when the wife greets you with 'Which story is it this time?'"

# An Eight-a Studebaker-and a Commander

at \$1495—\$1350  
Prices at the factory

THE NEW COMMANDER EIGHT COUPE FOR TWO—\$1495. COMMANDER SIX COUPE—\$1350. Ideal for business. Large luggage space under rear deck. Also available with rumble seat. Prices at the factory. Bumpers and spare tire extra.

THINK of it! An eight, a Studebaker—and a Commander—for \$1495. Worthy successor to the world-famous Commander which sped 25,000 miles in less than 23,000 minutes in heroic proof of its speed and staying power. Heir to the full fruits of Studebaker's engineering genius, which requires no further evidence than the fact that Studebaker today holds, undisputed, every official speed and endurance record for fully equipped stock cars.

Today's Commander is emphatically today's motor car. Its superb performance is matched by forward, youthful style, which beautifully interprets that performance. Lower—lower looking—and steadier at great speed—because of its costly double-drop frame. Restful riding, such as motoring never knew until Stude-

Studebaker now sells more 8-cylinder cars than any other manufacturer on earth.

baker introduced the luxury of ball bearing spring shackles, is still further enhanced by hydraulic shock absorbers.

Available either with straight-eight or with six-cylinder motor, The Commander is offered by Studebaker, Builder of Champions, as "the greatest motor car ever built and sold at its price." Your first ride will prove it.

## Strange Seventh Ward Visitor Is Classified

Strange bird found on West Clayton street, several days ago and which no person could name, has been identified and also taken to the Charles G. Jordan State Farm in Scott Township.

Game Protector Frank Johnson on Wednesday went to the seventh ward and identified the bird as a Loon of the species known as Great Northern Diver.

It winters in the Northern United States and southward and breeds in northern United States and northward. It was far from its native haunts, when found here.

It is a great diver and swimmer and

can only rise in flight from some extensive body of water, not being able to get into flight from land, hence its predicament when found.

It nests usually on a island. Its nest is sometimes of sticks, sometimes merely a hollowed out place in the sand and sometimes under a bank under overhanging bushes.

This bird is beautiful in appearance, being black and white and having a large bill.

Game Protector Johnson took it to the game farm, where it was revived by being placed in a tub of water. It will be held there until it has fully recovered and is able to take off and return to its native haunts.

## Hirschfield Case

Is Still On Trial

The case of Arthur Hirschfield against Harry Robins, in which the plaintiff is seeking to recover damages from the defendant for alleged breach of contract, is still on trial

before Judge Hildebrand today. Hirschfield claims that he was to be given an opportunity to purchase an interest in the Robins store, while Robins maintains that he had hired Hirschfield on a salary.

## Michigan Governor Will Be Examined

Will Probe Activity Of Governor Green In Accepting Private Railroad Car

(International News Service)

LANSING, Mich., April 11.—Charging that Governor Fred W. Green travels around the state in a private car furnished by the Michigan Central Railroad, and is accompanied by the head of the same railroad, Commissioner Sidney E. Doyle of Detroit today demanded the legislative committee, investigating the public utilities commission, call the governor for examination.

Doyle in demanding the right to examine Governor Green, declared to the investigating committee:

"How can you gentlemen expect the public utilities commission to function in the public interest when the governor of the state will travel around the country in a private car with a paid lobbyist of one of the railroads we are supposed to regulate?"

## Two Tennis Matches Wednesday Evening In Y. W. Tourney

Wednesday evening two matches were played off in the Y. W. C. A. Indoor Tennis Tournament.

The first match at 7 o'clock was Mrs. E. L. Walls versus Miss Marie Fleckenstein. This match probably would not have tended to a one sided game, had Mrs. Walls practiced earlier in the season. Score 6-4 and 6-0 in favor of Fleckenstein.

The second match was at 8 o'clock. Mrs. Doris Sullivan and Miss Irene Luffey being contestants. Better playing was anticipated from Mrs. Sullivan than she displayed. Miss Luffey is a nice tennis player and matches with her future opponents in the tourney are something to be looked forward to. Scores in both sets played were 6-0.

Announce Coming  
Tennis Matches  
In Y. W. Tourney

The Y. W. C. A. Indoor Tennis tournament is well underway. A total of three matches in the tourney have been played since the opening of the tournament on Tuesday evening. One more match will be played

off this week and four matches are scheduled for next week.

This evening at 8 o'clock in the Y. W. gymnasium, there will be a match between Miss Kathryn Newbury and Miss Leona Sankay.

Monday evening 7 o'clock tennis match, contestants, Miss Cora Humble and Miss Mary Tewell.

Tuesday evening 6:30 a tennis match between Miss Flora Lehman and Miss Lena John.

Tuesday evening 9 o'clock, a match between Miss Mary Jane Woods and Miss Vivian Graham.

Friday evening at 7:30, the final match for next week will be played between Miss Myrtle Burnett and Miss Floy Owens.

## Steel Mill Goes On Three Turns

Will Start Capacity Operation On Sunday Evening

Beginning Sunday night, the New Castle Works of the Carnegie Steel company, will go on a one hundred percent basis of production, for the

first time, in a considerable lapse of time.

The plant has been operating on a two turn basis for some time past. Quite a number of additional men, between 200 and 250, will be added to the force of the plant, by the re-

sumption of the third turn, and the operation of all the local furnaces, greatly increased demand for Besse-

mer steel. It was stated by Robert J. Tully, general superintendent of the works. The outlook for a continued operation of the plant on this basis is con-

sidered very favorable due to the

Garbage men worked harder before salads were invented.—The Helena, Montana, Record-Herald.

# High School Girl Does Heroic Act

DUNKIRK, N. Y., April 11.—The parents and friends of Robert Horey will ever be grateful to Miss Anita Bickerstaff an 18 year old Fredonia High school girl and Charles A. Miller of Ripley, for their heroic efforts in attempting to save his life.

Sunday night Robert was run down by a B. & E. trolley car at Lamberton. One arm was severed and he suffered from several fatal scalp wounds. Miss Bickerstaff assisted by Mr. Miller, both passengers on the car, pieced together an improvised tourniquet consisting of several men's handkerchiefs. Mr. Miller tied this around the arm and Miss Bickerstaff throughout the whole trip held it tightly twisted with a large pencil and in this way checked the flow of blood and kept the boy alive from the scene of the accident at Lamberton until young Horey was placed on a bed in the Brooks Memorial hospital where he received the first medical attention.

Miss Bickerstaff and Mr. Miller were strangers to each other and both strangers to the injured boy.

## LOOKING UP—

We pride ourselves on keeping abreast of the times... of being modern... and each succeeding year finds us more than a step ahead. We bring you the newest, most modern methods of store operation. Our style advisers are quick to observe and quicker to report. As a result we are continually first in introducing the smartest available styles... the sort of wearables modern men, women and children approve. Fisher Bros. are looking up.

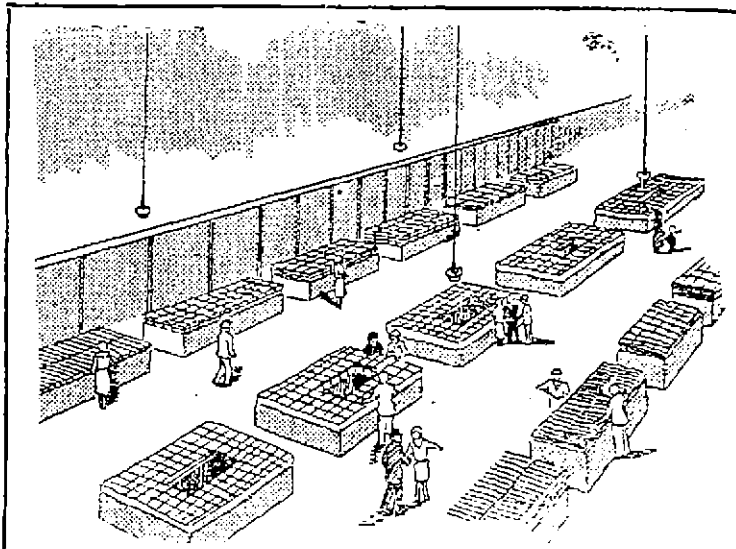

**THE NEW** The newest link in this chain organization was formed with the opening of a Fisher Brothers Store at Aliquippa, Pa., March 9th, 1929. Ultra modern in every respect with its beautiful entrance, systematic arrangement of handsome fixtures and distinctive lighting effects... A cathedral of modern merchandising.

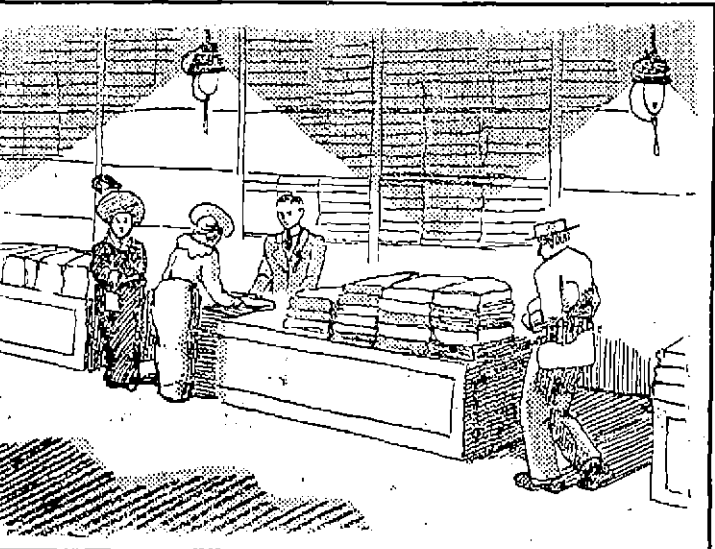

**THE OLD** The original Fisher Brothers Store was established in New Castle, Pa., under the name of "Dan's Place." This one store grew into a large chain organization, which is now incorporated under the name "Fisher Brothers," one of America's largest retailers of Men's, Women's, Boy's and Girl's Furnishings.

## CHAIN STORES—

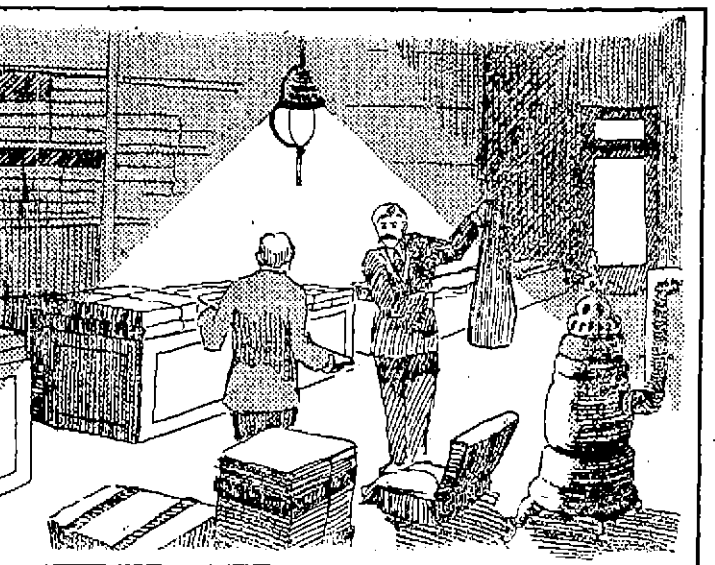

Our method, the chain store method, of presenting these wearables to our customers is the modern way. Modern because it reduces cost of operation... increases buying power... and enables us to always have the greatest assortments for your selection, at the lowest prices possible consistent with good quality. With our own factory and a large chain of stores we are able to offer day-in and day-out values that will yield a savings of 10% every year to those individuals who shop in Fisher Brothers Stores consistently, week after week.

**THE NEW** Modern Fisher Brothers Stores are distinctive and outstanding for being systematically departmentized... Stores with-in a store... and a group of specialized sales clerks and department managers are always ready to give customers courteous and efficient service. All merchandise is neatly arranged in open table display for convenient selection.

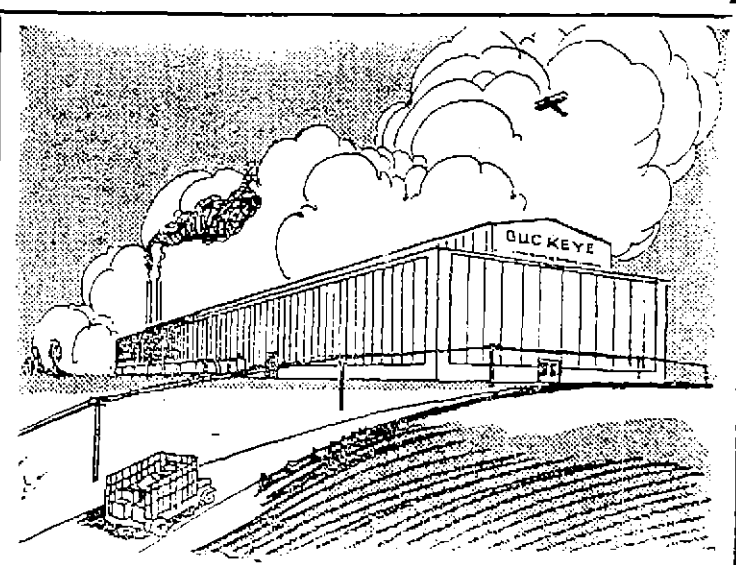

**THE OLD** The first Fisher Brothers Store was operated by one man whose chief and most difficult duty was to remember where all the different kinds of merchandise were piled. From out of this chaotic arrangement came the idea of a departmentized store... The beginning of MODERN FISHER BROTHERS.

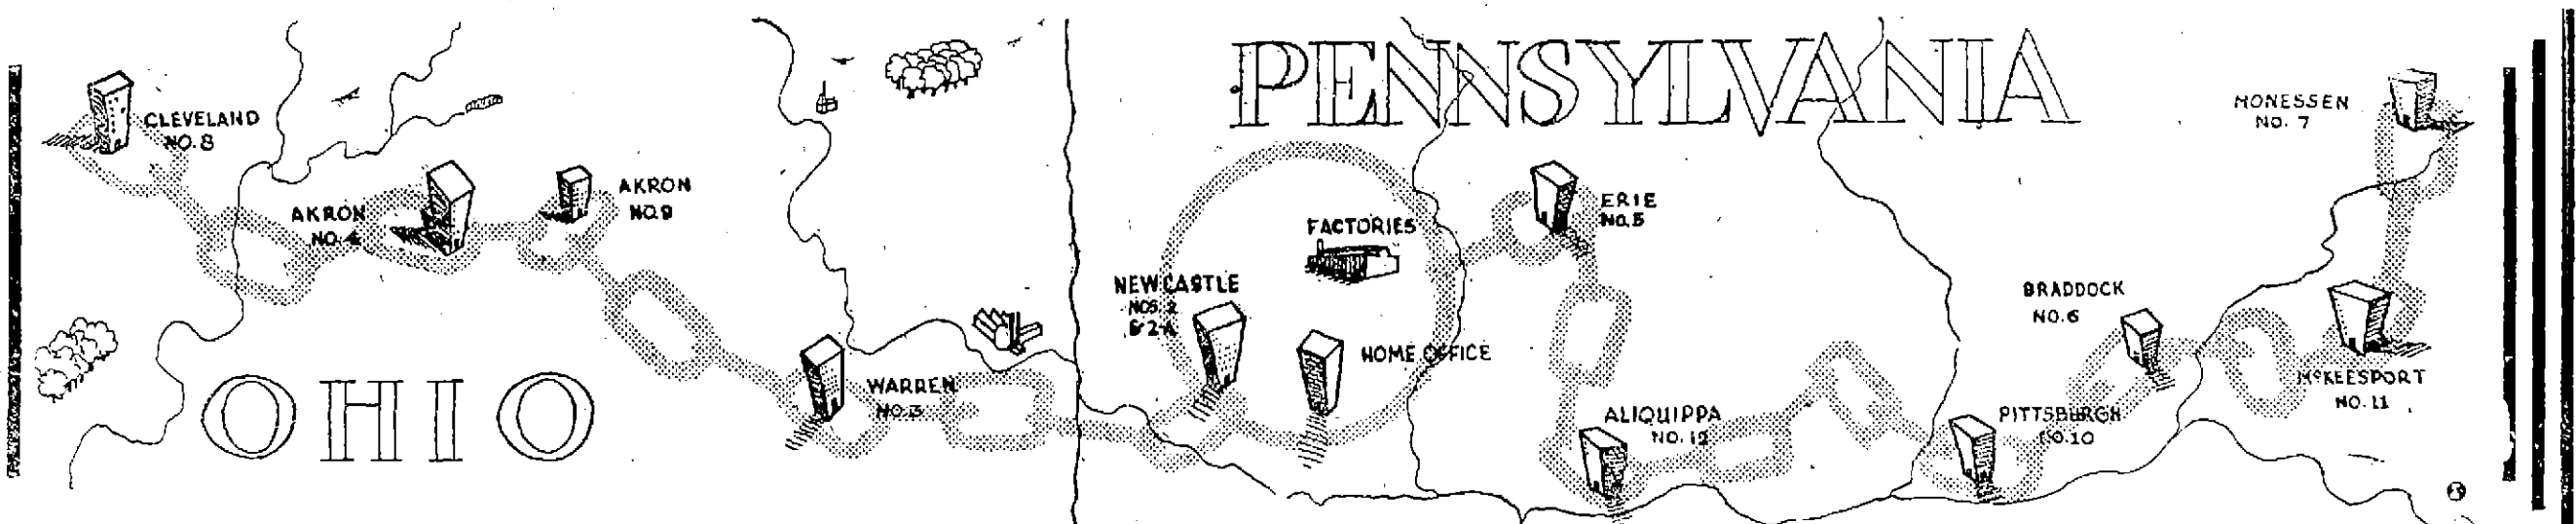

**THE OLD** Two to three times each year, salesmen came to the store with huge cases of sample merchandise. These occasional visits were marked by all-night sessions of barter and a season's supply of merchandise would be purchased. Style trend and high-cost of distribution were unknown factors.

## POLICY—

At this time we pause to celebrate our annual anniversary, and the 15 years we have been growing up with modernism is here vividly portrayed in pictures. Heralding our annual 15th Anniversary Sale which will start Saturday, April 12th, to continue for 2 weeks... Two glorious weeks packed with unmatched value-giving. 2 weeks in which we hope to form thousands of new friendships and cement old friendships more solidly to Fisher Bros.

**THE NEW** Merchandise sold in modern Fisher Brothers Stores is either made in our own big factory at New Castle, or is purchased by specialized buyers, who daily search the world's markets, buying in great quantities direct from the source of supply, thus reducing the costs of distribution to the minimum.

that is as new as a new year itself.

## Senator Blease Would Introduce Measure To Dry Up All Embassies

By WILLIAM K. HUTCHINSON  
International News Service Staff

WASHINGTON, April 11.—With a Curtis-Gann social tangle temporarily solved, the diplomatic corps faced a new embarrassment today in a legislative threat to enforce the American prohibition law against all foreign representatives of kings, emperors, princes and presidents.

Senator Cole Blease, D. of South Carolina, who recently admitted taking a drink and then of having liquor, announced he would introduce a bill at the special session of congress, compelling all "aliens" to comply with the dry law. His measure would deprive the diplomatic corps of its choice liquors, which it enjoyed for the last ten dry years under diplomatic courtesy.

Hopes to Force Vote.

Blease will ask the Anti-Saloon league and other prohibition organizations to support his measure. He said he hoped to force a vote on it at the coming session.

"I want to awaken an interest in these great prohibitionists who are spending millions of dollars and working so ardently to keep liquor away from the poor fellow, who does out-of-door work and wants a wee drop for his stomach's sake, toward enforcing prohibition on these diplomats," said Blease. "The prohibitionists have said by and permitted such outrageous, flagrant and disgraceful scenes as embassy liquor has caused in our capital in the last few years. These diplomats have made slurping remarks about our laws and it is time to make them show some respect and obedience to our laws."

"If these officials or other nations had any respect for the United States, they would compel obedience to our laws by their diplomats. If they don't have that respect, they ought to be made to have it."

Blease has sought several times to secure enforcement of the prohibition law against diplomat representatives without success. He has called

the attention of congress to several incidents in which diplomatic liquor figured. Congress, however, has turned a deaf ear to his words.

The recent action of the prohibition bureau in imposing stricter enforcement methods around diplomatic immunity, however, led Blease to feel it may be successful this time.

Under the new ruling, accredited representatives of a foreign government must accompany liquor shipments to the embassy or legation. This caused some embarrassment to the diplomats, who get no pleasure out of riding a booze truck from a Baltimore wharf to their Washington homes.

In the past, dry leaders of congress have ignored diplomatic liquor. It has even been whispered that some congressional drys, who belong to that "vote dry, drink wet" class, have been entertained out of embassy cellars.

This time, Blease declared, he will get more support from his fellow drys. At any rate, his efforts can only result in more embarrassment for the much harassed diplomatic corps.

**Bishop Ward Will Visit Churches**

The Rt. Rev. John C. Ward will make an official visitation to Trinity Episcopal church on Sunday, April 21, on which day, he will confirm the second confirmation class of the present year for that church. He will also make an official visitation to St. Andrews Episcopal church on Sunday, April 28.

**Harlansburg School To Give Operetta**

On Friday evening, April 19, at 8 o'clock an operetta entitled "A Day

In Flowerdom" will be presented at the Liberty Grange hall by the pupils of the Harlansburg schools directed by Mrs. Porter McCandless.

The scenes of this operetta are laid in a beautiful flower garden, wherein various characters including Sunflower, Pansy, Blue Bell, five members of the Rose family, Madam-olette Cricket, Lily and Lilac and a dazzling chorus representing various kinds of flowers meet and pay tribute to the Queen of Flowerdom.

## ELECT ZERNER PRESIDENT OF FISHING CLUB

Dr. H. E. Zerner Re-elected Pennsylvania Fishing Club President

Dr. H. E. Zerner, of this city, was re-elected president of the Pennsylvania Fishing Club at the meeting which followed their annual banquet at The Castleton Wednesday evening.

At this same meeting, Judge James A. Chambers was elected vice president and Edward Knobloch secretary and treasurer.

Twenty-five men, all members of the local fishermen's club, met at The Castleton at 6:30 for their banquet. Following the dinner, the group convened for a short business session. This was followed by an informal social time.

It was decided in the business meeting that the club would open their Canada camp on July 15.

## United States To Protect American Lives On Border

American Troopers Ordered In to Active Service To Quell Possible Trouble

(International News Service) SAN ANTONIO, Tex., April 11.—Infantry, cavalry and field artillery were to take the field today along the New Mexico and Arizona borders to protect American interests where American and Mexican towns are close to each other in the zone of the revolution.

Col. Robert McCleave, chief of staff of the Eighth Corps area, stationed here under authority of General Lister, ordered the following units into service.

One regiment of infantry from Fort D. A. Russell to El Paso, Ariz., one battalion of field artillery and troops of cavalry from Fort Bliss to Hachita, N. M.

Colonel McCleave said "the weight of the contending forces in Sonora" had aggravated the problem of protection to American interests.

## Hodge Case Against City Of New Castle On Trial Today

Seeking To Recover For Property Condemned By City For North Street Bridge

The case of J. R. Hodge against the city of New Castle, in which he is seeking to recover \$25,000 from the city for property seized on Neshannock avenue by reason of the building of the North street bridge, is on trial before Judge Chambers in court today.

Witnesses for Hodge were heard this forenoon. An effort was made on cross examination of plaintiff's witnesses to show that location does not cut so much of a figure in locating an undertaking business as it does in some other kinds of business. People do not drop into an undertaking room as they do a store. Usually an undertaker is sought because some member of the family is acquainted with him.

Witnesses also testified as to their ideas of the value of the property. This afternoon witnesses will be called by the defense to give their estimates of value.

## Ends Acidity, Indigestion, Stomach Agony

Druggists Throughout the Nation, Who Dispense Buenger's BI-REX Alkaline Powder to Stomach Sufferers, Report Phenomenal Success

Your bodily welfare depends upon your stomach. If that functions properly, food is easily digested and quickly assimilated, making rich red blood to renew body and nerve waste.

If you suffer from indigestion, gas pressure against your heart, dyspepsia or other forms of stomach disorders, your food is imperfectly digested and often decomposes in the stomach, poisoning the entire system. Your stomach is in agony, your appetite is lost and malnutrition often results. General debility frequently follows and life is shortened.

Druggists report BI-REX to be the quick relief for indigestion, hyper-acidity, stomach congestion and dyspepsia that has come to their attention in recent times. This amazing health power goes to the source of stomach disorders and removes the cause by neutralizing the harmful acids; removing toxic congestion; supplying a healing antacid to affected parts; purifying the entire alimentary tract; and re-establishing the chemical balance in the stomach.

Enjoy life! Be able to eat, sleep, work and play with zest. BI-REX will help you by relieving your distressing stomach ailments—just give this amazing treatment a fair trial on our money-back basis. McKinley and Frantz gladly recommend BI-REX.

## Local Man Will Be Compensated

Carl B. Simpson, ex-service man who resides on South Ray street, this city, will get compensation for disability caused by his World War service, according to word received here from Lincoln, Neb., to which place it

was necessary for him to go before he could obtain an affidavit. Simpson knew the doctor who administered treatment to him while at camp and finally found out where he was. After learning that his residence was at Lincoln he corresponded with him and learned that it would be necessary for a personal interview. The local man left for Nebraska about a week ago and now has secured the physician's affidavit, assuring good claim for his compensation.

## New Officers Of Local Elks Are Installed

Clark H. Buell, New Exalted  
Ruler, And Staff, Take  
Office

OIL CITY MEN  
ARE IN CHARGE

Members of the New Castle lodge No. 69, Benevolent Protective Order of Elks, gathered at their home last night to witness the induction of the lodge's newly chosen leaders for the year 1929-30.

Impressive ceremonies marked the installation which occurred following the customary dinner at 6:30. Eight members of the Oil City lodge were in attendance to conduct the services.

Immediately following the regular dinner a short meeting of the past exalted rulers took place with the president of the local association, Ralph M. Campbell, presiding. Following the meeting of the past exalted rulers came the official installation at which time Clark H. Buell and the remaining staff of new officers automatically took over their respective positions.

George W. Thomas, retiring ruler, presided over the opening of the session and introduced the visiting Oil City men. Induction services were held right away and Mr. Thomas at once turned over the reins of office to Mr. Buell, his successor, who then assumed full charge.

During the course of the program Past Exalted Ruler C. W. H. Hess in behalf of the New Castle lodge, presented to Mr. Thomas a life membership in the B. P. O. E. In response, Mr. Thomas stated that he was so deeply impressed with the splendid token that it was difficult to find words to express his gratitude.

Following a short induction in which each new officer was formally taken into office, the meeting was adjourned. Those men who took office last night with Mr. Buell were as follows:

Esteemed leading knight, Edward F. Ryan; esteemed loyal knight, R. H. Updegraff; esteemed lecturing knight, John D. Hite; secretary, William P. Mitchell; treasurer, Jacob Coel; trustee for three years, Charles H. Van Fleet; acquire, Edward E. Ryan; chaplain, John P. Woods; representative to the grand lodge, Retiring Ruler G. V. Thomas; alternate delegate, C. W. Herman Hess; tiler, William J. McNeil; inner guard, Charles A. Zimmerman.

## COMMITTEES OF BOOSTER CLUB ARE APPOINTED

(Continued From Page One)  
Rev. Father Dudley Nee of St. Mary's church, addressed the club. Father Nee stated, that while the Booster Club was not a new idea, many similar organizations having been formed in other parts of the country, the idea was practically new to this city and believed that the club could serve a very worthy purpose here.

He stated that the interests of New Castle are the interests of each individual. "Without knowing it, you have a part in your own city's affairs. As individuals, you are unable to be as active as you might wish, but collectively, as an organization such as you have here, you are banded together for strength and the promulgation of various ideas for the betterment of your community," he said.

"Naturally, team work is essential to your success. You have a general idea in view but you cannot put it across unless your team work is perfect."

"Civic pride is based on self respect. Those who take the most interest in civic betterment are those who have the most self respect. This entails some sacrifice on your part to carry through and when the time and talent if you would be successful in promoting this great enterprise."

"You want your city to progress, you want new industries here, and you want the old industries to expand and grow. You give the best that is in you to your own profession or you are not successful. In a like manner, you must give the best that is in you for this organization's good. New Castle cannot progress unless you progress with it."

"You are in your infancy and you are apt to make mistakes, but these should serve as stepping stones to bigger and better things. You will perform the little things now and the big things later on," he said in conclusion.

After reports of committees, Chairman William E. Pervor announced the standing committees for the year as follows:

Membership—Vice president Tom Cunningham, chairman; Archie Cohen, John Conner, James McKenzie, and Paul Weller.  
Finance—E. C. Chapman, chairman; William N. Nunn, E. D. Fisher, A. C. McCoy, and John Welmer.  
Industrial—T. Wilbur McCullough,

chairman; David Kay, Paul Butz, Charles Colnot, and Carl Paisley.

being made a district, which will be placed in the hands of the churches and women's organizations for solicitation. The townships will be in charge of the Federated Women's clubs.

Organization Made  
The city districts and the organizations which will be in charge of them are as follows:

First ward—Girl's club, Spoon club, and Unexpected club.  
Second ward—Woman's club.  
Third ward—Circulating Book club, Highland Book club, and 1914 Book club.  
Fourth ward—Epworth M. E. church, Third U. P. church, First Baptist church, St. John's Lutheran and Bethany Lutheran.

Fifth ward—Business and Professional Women and the Quota club.  
Sixth ward—First M. E. church, First Christian church, and Central Presbyterian church.  
Seventh ward—Mahoning Presbyterian, Mahoning M. E. and Madison Avenue Christian churches.

Eighth ward—New Castle chapter, 105; Sherrago chapter, 333; and Adair chapter, 440; Order of the Eastern Star.  
Mrs. Norman A. Martin has been named to take charge of the finances and enrollment in the city districts, and Miss Florence Henderson in the county districts.

At the meeting yesterday, the women were shown an exhibition of every ward on dresser covers, which had been done by a group of Finnish women in the city, and which caused much favorable comment.

## LEVIATHAN IS NOW TRAVELING SALOON

(Continued From Page One)

tails when they get beyond the twelve mile limit.

Competition Keen  
"Forced by competition," is the explanation for the new policy.

The Leviathan steamed out of New York port yesterday on her first voyage under private ownership under orders which provided for the opening of her medicinal liquor supplies—estimated to comprise about 700 quarts—for sale to passengers outside the twelve mile limit.

James E. Sheedy gave the order. He is the operating head of the United States Lines, Inc., new owners of the American Merchant Marine fleet. The new policy, however, has yet to be officially confirmed by the board of directors. P. W. Chapman, head of the company that bought the Leviathan and ten other liners from the government, is known to be personally opposed to the sale of liquor, but the new policy is expected to greatly increase business.

Will Increase Business  
In fact, it was estimated in shipping circles today that this new policy of selling liquor beyond the 12-mile limit will result in a 20 per cent increase in passenger trade for the Chapman ships.

The new policy is the same as has long been in practice on other private American lines—the Panama Pacific, the Grace, Munson and Ward and Panama Mail.

In 1923 the government lines voluntarily took the pledge. It actually was Mr. Sheedy who signed the order making the United States and American Lines "dry" six years ago.

The new order of Sheedy's was a surprise. However, he made it plain that there would be no public bar on the ships and no promiscuous drinking. He said he had obtained a legal opinion that no law would be violated under the arrangements he has ordered. The United States supreme court has ruled it is not illegal for an American ship to possess and sell liquor beyond the 12-mile limit.

"We are not interested in any direct financial return from the sale of liquor, but only desire to give passengers the same privileges enjoyed by all other trans-Atlantic steamers," said Sheedy.

"If passengers desire the serving of wines and liquors we must—in order to maintain our position—do the same as our competitors."  
The board of directors of the Chapman Company will meet shortly, at which time the Sheedy order probably will be officially confirmed.

## SHR'S BOSS NOW

"Why such a hurry?"  
"I have a terrible lot of work to do and nobody to help me."  
"What about the little girl you used to have in the office?"  
"She is not able to work any more."  
"How is that?"  
"She is married now."  
"Really? To whom?"  
"To me."

## Now A Little Daily Dose of Kruschen Makes You Lose Unhealthy Fat!

Yet Gives You Splendid Health With  
Added Energy and Vitality

It sounds easy, doesn't it?—well, it is the easiest, the safest and surest way to lose fat you could possibly desire!

KRUSCHEN SALTS—a perfect combination of the six mineral salts you must have every day to function properly—purify your blood, remove harmful acids, the kidneys and bowels to throw off waste material, the continual formation of which (probably the cause of your fat), they are carried by your blood stream to give stimulus, life and new activity to every nerve, gland and body organ.

In this modern age of living, it's im-

possible to get these salts from the fancy foods you eat—but don't worry just as long as you have KRUSCHEN SALTS.

Little by little that ugly fat goes slowly, yet-but surely and you feel so wonderfully healthy, ambitious and energetic—more so than ever before in your life!

Get an 85c bottle of KRUSCHEN SALTS at Eckerd's of New Castle, Inc., or any drugstore (lasts 2 months). If even this first bottle doesn't convince you this is the best, surest and most pleasant way to lose fat—if your health isn't marvelously improved—your money gladly returned!

## HAD SUFFERED FOR YEARS; NOW IN GOOD HEALTH

Was Wonderful To Get Such Great  
Relief As Ten Herbs Gave,  
Lady Says

If anyone doubts that Ten Herbs is giving many local men and women relief from long-standing health troubles, such as stomach, liver, kidney and bowel disorders, rheumatism, neuritis, nervousness, or a general weak, run-down condition, that per-

MRS. ELIZABETH WOLFONG

son will be given convincing proof by calling on the Ten Herbs Man, who is at Eckerd's of New Castle, Inc., 30 East Washington Street, this city, where he is daily demonstrating this famous new natural medicine.

"It certainly was wonderful to get such great relief as Ten Herbs gave me," was the recent statement of Mrs. Elizabeth Wolfgong, Lyndora, Butler, Pa., to the Ten Herbs Man. "I had suffered from stomach trouble for years. I was not able to eat a meal without having distressing after-effects, such as gas, bloating and heartburn. My nerves were in very bad condition, and I would wake up at all hours of the night. I would get up in the morning feeling worse than when I went to bed. Sometimes I became very weak, and would have such severe pains through my body that I could hardly walk. There also were intense pains across my kidneys. My liver was out of order, and my complexion was very sallow. I was always taking some kind of laxative for constipation. I had a bad taste in my mouth, and food did not give me proper strength. My blood circulation was poor, and I always felt tired and worn out."

"I had just about given up hope of ever feeling well again when a friend told me about Ten Herbs. I started taking your medicine and the first bottle made me feel so much better that I continued using your preparation. My stomach now is in such good condition that I can enjoy a meal without having any bad after-effects. I am free of indigestion and heartburn. My nerves are quiet. I sleep through the night and get up in the morning feeling rested. Those severe pains have left my body, and I am rid of headaches. Constipation has been corrected, and I am getting stronger right along. I will gladly tell anyone what wonderful good Ten Herbs did me."

The Ten Herbs Man is at Eckerd's of New Castle, Inc., 30 East Washington Street, this city, where he is daily meeting the public and explaining the merits of this medicine.

## Aged Man Has Hip Fractured

John R. Maitland Of The Wil-  
mington Road Sustains Pain-  
ful Injury At His Home

While walking across the room at his home Wednesday John R. Maitland of the Wilmington road accidentally slipped on the rug and fell to the floor fracturing his hip. He was removed to the Shenango Valley hospital for treatment.

As Mr. Maitland is well advanced in years, the injury will require a long time for a complete recovery.

Safety lies in the middle course—Ovid.

## DR. HOYT'S NO. 22 RECOMMENDED BY CANTON ARCHITECT

"Eating at night, or eating rich foods, such as pie and cake used to give me such severe pains that I couldn't enjoy an evening at the theater unless I would avoid the dishes that I liked best. If I take Dr. Hoyt's No. 22 after meals I am not bothered. So, kindly send me another supply."

JOHN F. TAXLOR,  
DAILY NEWS BLDG.,  
CANTON, OHIO.

The value of Dr. Hoyt's No. 22 lies in the fact that it removes underlying causes of Indigestion, Heartburn, Acidity, and Gas. It is not a laxative and does not act on the food in the stomach, but instead is a highly efficient tonic to weakened and inactive structures of the digestive tract. It encourages the gastric glands to do their work.

No. 22 increases the appetite, and makes eating a real pleasure, with no after distress.

No. 22 is particularly beneficial for digestive disorders resulting from persons leaving the home table and regular diet, and for mental workers and others who do not receive sufficient exercise.

If you are subject to stomach ills, insure against it by always carrying Dr. Hoyt's No. 22 with you. Pocket size 30 cents. Economical Home Size \$1. At all good drug stores.

## GORDIAN WORSTED SUITS — \$35.00

An extra amount of wear for you with an extra amount of style—there's the idea that inspired Gordian Worsteds, the strongest spring suit fabric Hart Shaffner & Marx have ever created. The name carries from the famous Gordian Knot, which legend says was tied so securely that no man was strong enough to untie it. This fabric is thin, yet heavy enough for chilly evenings and cool enough for warm days.

## Garden Club Play Opens This Evening

"Dulcy" Will Be Presented By  
The Civic Theatre Guild  
At High School

First performance of "Dulcy" the New York production being presented here by the Civic Theatre Guild under the auspices of the Garden club will take place this evening at the Senior high school auditorium.

It promises to be one of the smoothest amateur performances ever held in this city and the hundreds of patrons and patronesses who will be present not only this evening but also Friday evening at the second performance are assured an evening of real entertainment.

The funds realized from the performances will be used in furthering the Garden club suggestion of making the New Wilmington highway "A Road of Remembrance" by the planting of trees along it in memory of those who have done something for New Castle and Lawrence county.

The final list of patrons and patronesses follow:

Mr. and Mrs. W. P. Moody, S. S. Hamilton, Mr. and Mrs. J. K. Love, Mr. and Mrs. W. K. Hugus, Mr. and Mrs. Frank Hyde, Mr. and Mrs. Maurice Kelley, Miss Eleanor Kennedy, Mr. and Mrs. D. H. ## Woman Who Sawed Way Out Of Jail Again In Toils

WASHINGTON, Pa., April 11.—Annie R. King, 36, who sawed her way out of the jail at Westernport, Md., awaiting removal to the Mountaineer penitentiary to serve a sentence of two years, was placed under arrest at Manifold, near here.

Mrs. King was tried for attempting to bribe S. W. Selbe of the West Virginia state police July 3, 1926, and convicted. Friends managed to get her out of jail and she made her escape.

The woman is mother-in-law of Lawrence Seelback, 27, of Weston, W. Va., held in the county jail here on a charge of manslaughter as a result of a collision in which his car loaded with whisky, crashed into the automobile of T. W. Keegan of this city, fatally injuring Mrs. Keegan.

## Sunday Services At Westfield Church

Regular worship services at the Westfield Presbyterian church Sunday morning at 11 o'clock. Sunday school will convene at 12:15 with the new superintendent, Guy M. Fullerton in charge.

The work of the Near East Relief will be presented by Mrs. Hudson field secretary of Western Pennsylvania. Mrs. Hudson spent five years in the work of the Near East and will bring a very interesting and impressive message of the Near East Relief is included in Westfield benevolence budget and no special appeal for funds will be made at this time.

The new executive committee of the Sunday school including departmental superintendents will meet at 8 o'clock Saturday evening at the manse. Choir rehearsal at the manse Friday evening at 8 o'clock.

## Add Thousand New Books To Library

## Call Industrial Meeting Friday

Chamber Of Commerce Industry Sponsors Will Meet At The Castle-ton

Members of the sponsoring group of the proposed aeronautical industry for this city are being called to convene at the Chamber of Commerce Committee room at 12:45 p. m. Friday by W. J. Offutt, chairman of the Chamber of Commerce industrial activities committee.

The chamber of commerce committee has been investigating and working on the proposed new airplane factory for this city, and it is stated that there will be some important announcements made concerning it at this session on Friday.

Identified with the new industry is O. E. Snyder, pioneer flyer and plane designer. The plane which will be constructed here, should the factory be established, was shown some weeks ago by Mr. Snyder and other flyers at the flying field on the Youngstown road.

Members of the sponsoring group for the factory follow: W. J. Offutt, Jas. K. Love, D. Roy Bradford, Thomas Hartman, H. B. Richards, John Butler, Jas. M. Smith, Jr., Robert J. ## Biologist Sees "Spring Fever" Thing Of Past

Fresh Fruits And Vegetables Year Around Put Ban On Ailment

STATE COLLEGE, Pa., April 11.—Spring fever isn't what it used to be, in fact it almost isn't at all, in the opinion of Prof. R. A. Dutcher, head of the department of agriculture and biological chemistry at Pennsylvania State College here.

"There is not the slightest excuse for so-called spring fever in these modern days," Prof. Dutcher said. Modern dietary habits, based on scientific information, prevents rundown conditions such as formerly were common when the warm days of spring succeeded the cold days of winter, he explained.

The dried fruits and vegetables of the so-called "good old days" alone were available in those times, Prof. Dutcher said, and it was necessary, when spring arrived, to consume herbs and root teas to tone up the system. Fresh fruits and vegetables are now available the year around, and there no longer is any use for huge doses of sulphur and molasses, he added.

Spring fever, he summarized, has been put in the back-number class once and for all.

**Arbor Day Program At Liberty Grange**  
Program Arranged By The Grange Lecturer To Be Given In Hall April 16

An interesting Arbor Day program has been prepared by the grange lecturer, Mrs. Mae Lock to be presented at the next regular meeting of Liberty Grange, Tuesday, evening April 16.

Music, talks on flowers and trees will be outstanding features of the evening.

**Program.**  
Song—"Bud and Bloom."  
Recitation—"My Favorite Tree."  
Recitation—"What do We Plant When We Plant a Tree?"—Mildred McCracken.  
Talk—"Value of Re-forestation to Agriculture"—J. L. Burton.  
Music—Ernest Cameron.  
Discussion—"Does it Pay to Have an Orchard on the Farm?"—Led by Mrs. Helen Cameron.  
Recitation—"Trees"—Dorothy Woods.  
Name some shrubbery and perennial flowers that are easily grown in this state—Mrs. Emma Cooper.  
"My Idea of a Practicable Plan for a Beautiful Yard"—Mrs. Kilgore.  
A drill entitled the "Rose Garden" by pupils of the Harlansburg school directed by Mrs. Porter McCandless will be the climax of this interesting program.

After a short business meeting of the grange an open meeting will be held to which the patrons of the schools are especially invited.

## Will File Motion To Quash Charge Against Governor

(International News Service.)  
BATON ROUGE, La., April 11.—Gov. Huey P. Long will file a motion to quash the one impeachment charge voted against him by the lower house of the state legislature when the Senate convenes at noon today to adopt rules of procedure in his impeachment trial, it was learned today.

However, it was not believed in political circles that the motion to quash the indictment will be accepted, as the Senate does not expect to consider the charge or set a trial date until all 19 of the impeachment charges against the young chief executive are disposed of by the House.

Administration leaders denied a report that an attempt had been made among them to secure signatures to an agreement to have the governor apologize for his misconduct and defer his impeachment trial during good behavior.

## Second Suit Filed In Auto Accident On Atlantic Ave.

Frank Zajoc, by his father, Michael Zajoc, and the latter in his own right, have filed suits against Joseph Prejsnar to recover \$2,500 damages for the former and \$132 for the latter as a result of an automobile accident on Atlantic avenue. Frank Zajoc was a guest in the car of Prejsnar which crashed into another car on a curve near Elm street. The case grows out of the same accident as that in which Michael Roth filed a suit yesterday against Prejsnar for damages. Negligence in the operation of the machine is alleged.

**Boy Scout News**  
EXECUTIVE BOARD MEETING  
The Lawrence county council Boy Scouts of America executive board will

hold a meeting Friday evening, April 12, at 7:30, in Boy Scout headquarters, Graer building, New Castle. All the members are requested to be present as there will be many important matters up for discussion.

**HIGHLAND TROOP**  
The Highland Boy Scout troop No. 13 held a very interesting meeting in the "Highland Caves" on April 9. Scoutmaster George May presided. Committeemen McGrath and Wallace were present. Troop officers present were Assistant Scoutmasters Bott and

Seyfert, Junior Assistant Scoutmaster Gates and Senior Patrol Leader Jack Stevenson. Deputy Commissioner Gwin was a special guest.

Tests passed at the meeting were as follows: Second class camping and knife and hatchet. Charles Slack, tenderfoot, Bill Harlan and Bob Hutchinson. Assistant Scoutmaster Seyfert gave instructions in boxing, following which each patrol selected a representative of one of the other patrols. Mr. Seyfert acted as judge. Charles Slack, Raccoon patrol, and

Jim Fox, Fox patrol, fought first. Heber Baldwin, Mink patrol, and Mike Gordon, Bear patrol, fought second. The two winners, Fox and Slack, fought for the championship. Jim James Fox, Bob Hutchinson, Elmer Fox won and received 25 points for the patrol.

Scoutmaster May appointed Jack meeting of the first camporee team. Cole the patrol leader of the second, will be held Friday night at 7:30 in the home of Howard Gates.

### TO REORGANIZE INFANTRY BAND

OIL CITY, April 11.—A decision to reorganize the old 112th Infantry band under the name of the American Legion band of the James M.

Henderson post has been reached by the musicians. Prof. Harland Mitchell, music supervisor of the schools here, has been elected director of the band and Russell Buckham, assistant director. The band gained

great fame during the world war and many of its members later played with Pershing's Own. Americanism: Boasting of freedom; reading the popular book, going to popular places, wearing popular clothes.

YOUR HOUSE NEED PAINT? . . . THEN CONSIDER—

## BOTH ends of the PAINT BRUSH

You need a skilled painter on one end—  
pure lead paint on the other

**TO** weather-proof your house, your first need is a master painter . . . a craftsman skilled in paint mixing and application. Your second is—pure lead paint.

These two age-old partners insure a superior paint job—one that always saves you money in the end. With lead paint, made with Dutch Boy white-lead, the painter applies a protective film—tough, elastic, wonderfully long-lasting. And, because this paint does not crack or scale, you are not faced with the cost of burning or scraping off old, scaly paint when repainting time finally does arrive—an expensive job.

### MOTOR CRASH KILLS FARMER

Wife, Two Children Hurt When P. R. R. Coach Hits Truck

WAYNESBORO, Pa., April 11.—A farmer was killed instantly and his wife and two sons were seriously injured in a grade crossing crash near their home, a mile north of here, Wednesday.

The dead man is Wesley Armstrong, 30, and the injured are Mrs. Armstrong, Paul, 18 months old, and Wesley, Jr., 3.

Their truck was struck by a Pennsylvania railroad motor coach at the grade crossing at the end of the lane leading to their farm. Lawrence Guyer, a son of Mrs. Armstrong by a former marriage, had opened the gate for the truck to pass and saw the accident.

Armstrong was killed instantly while his wife suffered a broken shoulder and jaw. Paul suffered a broken arm and leg, and Wesley, Jr., suffered head injuries.

William Hayes of Chambersburg was the motorman of the coach which runs between this borough and Chambersburg, and Louis Price, also of Chambersburg, was the conductor. Coroner S. D. Shull of Chambersburg will start an inquest tomorrow.

### Grove City Girl Is Valedictorian

Stands At Head Of Graduating Class Of Grove City College

GROVE CITY, Pa., April 11.—Anna Louise Montgomery of Grove City is announced today by Registrar H. C. White of Grove City college as the valedictorian of the class of seniors which will graduate from the institution in June. Dean Robb of Butler is named the class salutatorian.

Miss Montgomery graduates with two degrees that of Bachelor of Music and Bachelor of Literature. Robb graduates with the degree of Bachelor of Science.

Miss Montgomery is the daughter of Dr. and Mrs. B. A. Montgomery of Grove City.

The announcement of the honor students will launch preparations for the 52nd annual commencement program of the college.

### SCOUTS HEAR PASTOR

Dr. P. E. Burrill pastor of the First Presbyterian church of Sharon was the speaker at the Boy Scout meeting at the Penn Grove hotel Tuesday evening.

The airplane models on which Geo. McCurdy and Eugene Harmon won prizes at Sharon were on exhibition at this meeting and several flights were made with the model planes by the local boys.

### OFFUTT FUNERAL

W. S. Offutt age 76 years well known man in Grove City died at his home here Tuesday morning at 8:35.

He was associated with the Bessemer Cooper company. He was a member of the First Presbyterian church and order of Odd Fellows. Mr. Offutt had made a perfect record of attending Sunday school for the last 21 years. Dr. E. J. Pitblan was his teacher.

He is survived by his wife Eva Baker Offutt and one son C. J. Offutt. Funeral services will be held at the Presbyterian church Thursday afternoon at 2 o'clock with Dr. Charles Williamson in charge. Burial will be made in Woodland cemetery.

### WOMEN HOLD DEBATE

At the meeting of the League of Women Voters held at the home of Mrs. H. B. Bastres of Park avenue, Mrs. Ira C. Black and Mrs. C. G. Monroe gave a fine debate on "Resolved That the Present American Jury System be Abolished." Their talks created to much interest that a general discussion was held at the close of the debate. Mrs. Black took the affirmative and Mrs. Monroe the negative.

Mrs. T. A. George of North Liberty spoke on the National Origin Law. This is a law that changes the quota of the basis of immigration and will go into effect on July 1 unless repealed.

Miss Tirza Williamson sang accompanied by her sister Miss Sarah after which tea was served.

### BRIDGE CLUB MEETS

The members of the Monday Bridge club were luncheon guests at the home of Mrs. H. O. White on West Main street. Two tables of bridge were in play during the afternoon. Mrs. R. C. Gregory won high honors.

Guests present were Mrs. Williams of Ann Arbor, Mich.; Mrs. G. Funderberg, Miss Elizabeth Williams and Mrs. R. C. Gregory.

### ENTERTAINS FRIENDS

Miss Louise Shillito entertained a number of friends at her home Tuesday evening. Two tables of bridge were in play. Honors for high score were awarded Mrs. Paul Klester and Jack McDonnell. Prizes in a novelty game were won by Mr. and Mrs. Harold Shillito. A delicious lunch was served.

### 120 Garter Snakes Make Appearance

SHIPPENVILLE, April 11.—Roused by the warmth of the sun's rays, over 120 garter snakes, from 8 to 12 inches in length, crawled out from under one large rock just at the southern borough line on the Knox road. The rock has been known for years as the "snake rock" or snake den and yearly many snakes crawl out from under it. This year's crop has been more numerous and earlier than ever before. Three small boys living in the vicinity watched closely and killed the snakes shortly after the appearance. They placed them in one pile which would almost fill a two-gallon pail.

Nothing has yet induced us to cross the Atlantic, but a spelling bee in Wales would be a great temptation.

# THE PLAIN TRUTH

## AND SOMETHING EVERY MOTOR-CAR BUYER SHOULD UNDERSTAND.

*The Cadillac-built La Salle is just as easy to purchase as many cars of far less value and far less prestige. And it is far more economical to operate.*

**THOUGH** you know full well that Cadillac and the Cadillac-built La Salle are the finest and smartest cars on the streets of the world, here is a fact about La Salle which you may never have fully appreciated.

*It is actually far easier to purchase a La Salle than the average motorist realizes, and far more economical to operate than many imagine.*

La Salle is priced as low as \$2295, f. o. b. Detroit.

This means that, for very moderate monthly payments, you can enjoy the satisfaction, prestige and pride of possession of a Cadillac-built car.

It means also, a car built to last a lifetime. Not that you intend to drive it a lifetime—but, whether you drive it a year, or five years, or ten years, La Salle must yield uninterruptedly brilliant performance because of its famous Cadillac-built 90-degree, V-type, 8-cylinder power plant.

For the Cadillac Motor Car Company, with all the resources of General Motors at its command, and with all the world to choose from, has long since proved to its own satisfaction and the satisfaction of hundreds of thousands of owners that the 90-degree, V-type principle is the soundest principle to produce the highest type of eight-cylinder results.

Actual costs of operation covering hundreds of thousands of miles of usage throughout the country by individual owners and large corporations prove conclusively that from a

service and operating standpoint La Salle is the most economical car for you to own.

Where can you find any other car—excepting Cadillac—so adequately designed to meet 1929 traffic conditions? There are no others equipped with the three ultra-modern Cadillac-La Salle safety features: the Synchro-Mesh Silent-Shift Transmission, Duplex-Mechanical Four-Wheel Brakes, and Cadillac-La Salle Security-Plate Glass.

The most casual examination of La Salle interior decoration, appointment and upholstery reveals it to be so lavish as to create an atmosphere and environment unequalled elsewhere and in perfect keeping with the most luxurious home.

In braking, gear-shifting, steering and all the operations of driving, no other car in all the world—except Cadillac itself—can equal La Salle.

Call at any Cadillac-La Salle dealer showroom and determine for yourself just how easy it is to own a La Salle. The General Motors Deferred Payment Plan makes it possible for you to enjoy your La Salle at once and pay for the car out of income.

Cadillac-La Salle dealers will gladly accept your present car at its full market value. It is probable that this value will be sufficient to take care of the down payment and reduce the monthly payments.

La Salle is priced from

### Phalanx Meets At Y. M. C. A.

Members of the New Castle Phalanx fraternity met at the Y. M. C. A. Tuesday evening for their regular weekly dinner and program.

During the evening a portion of an interesting discussion occurred. It will be continued at a later meeting.

In the business session over which the primus, Jack Boyles, presided, matters regarding second degree

work were explained. Phalanx have taken the second degree. Primus Boyles, Henry MacVeholias and Alfred Owens. These three will meet in two weeks to elect an additional member, who they believe can measure up to the requirements of the second degree. But one member will be given the advanced degree each month.

No meeting of Phalanx will take place next week because of the membership drive which the Y. M. C. A. is to sponsor.

Arrangements have been practical. The man who does not buckle in is completed by members of the soon fizzes out.

Harry L. McBride Post, Veterans of Foreign Wars, to attend the smoker and stag party to be given by the Butler Post on Tuesday evening, April 16th.

A bus has been chartered to carry the members of the local post to Butler on that evening. Members desiring to attend are requested to get in touch with Commander Orville Porter.

Justly so!

Every person should have a clear skin.  
If you have skin blemishes why not get rid

THOUSANDS of people have weak, impure blood—to this may be attributed pimples, boils, eczema, "run-down" systems, rheumatism and even more serious ailments.

Without plenty of rich, red blood, there could be no strong, sturdy, powerful men, or beautiful, healthy women.

When you get the number of your red-blood cells back to normal, that sluggish, let-down feeling, loss of appetite, those pains usually called rheumatism, boils, pimples, and skin troubles disappear. You get hungry again and sleep soundly; firm flesh takes the place of that which was once flabby. You feel strong. Your nerves become steady. You are resistant to disease.

Throughout more than a hundred years S.S.S. has been a blessing to millions of people who have taken advantage of its wonderful medicinal properties. It is Nature's own blood tonic for improving the appetite, clearing the body of so-called skin troubles, and building strength and resistance to disease.

S.S.S. increases the count of red-cells in the blood. Weak, impure blood is injurious to the system, lowering resistance to disease. Rich, red blood builds and sustains the body. S.S.S. helps Nature build rich, red blood. Good blood improves the processes by which the body is nourished, promotes constructive metabolism (healthy body building) and works against infection and disease. Take S.S.S. daily at mealtimes. To get full benefit you must take it regularly and over a sufficient period of time. At all Drug Stores. Ask for the larger size. It is more economical.

The GREAT BLOOD  
TONIC  
SINCE 1826

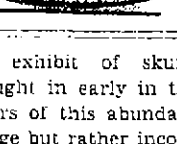

**S.S.S.**

Skin troubles—pimples, boils, eczema, and yellow complexion—are usually but symptoms of a deeper, more dangerous trouble—a lack of the normal count of red-cells in the blood.

When you take S.S.S. to get rid of these outside blemishes, you are building up the system to ward off the graver diseases of which these blemishes are Nature's warnings.

S.S.S. is made from fresh, vegetable drugs and has a successful record of over 100 years back of it.

## Biology Display Now Increasing

More Interesting Exhibits And  
Equipment At Senior High  
School

The Senior High school biology department is rapidly collecting numerous specimens and equipments. The latest is a large display case for the display of delicate specimens such as small birds, insects, and fragile flowers. Two Mexican turtles were recently donated by Burton Jones.

The live specimen collection now consists of eight varieties of native fish, four examples of amphibians, our reptiles and three kinds of tropical fish.

An interesting exhibit of skunk cabbage was brought in early in the week. The flowers of this abundant early plant are large but rather inconspicuous, so that it is overlooked by most people. It is considered one of our earliest plants. The hood which covers the spathe often pushes out through the snow in February. Within the hood enough heat is generated by the rapid growth of the plant to attract small flies. The flies in turn help to pollinate the flowers by their activities within the hood.

Yesterday moving pictures were shown depicting the life of our egret, a vanishing bird. This was supplemented by lantern slides showing a number of our well-known local birds found around this section. A nature and collecting hike along the Neshannock was conducted today, with Nicholas Cassillo, who is at the head of the biology department, in charge of this hike.

## A wall finish both practical and economical

Here's a wall finish that is beautiful—and one that stays beautiful. Walls and ceilings painted with LOWE BROTHERS MELLO-GLOSS can always be kept spotlessly clean—by simply cleaning with soap and water or Lowe Brothers Cleaner. Especially good in the kitchen and bathroom.

Mello-Gloss is an oil paint that dries to a soft, satiny finish and always looks new and bright. It comes in a wide assortment of popular tints and shades.

## New Hospital Will Soon Be Ready For Use

Finishing Touches Are Rapidly Being Added At  
Jameson Memorial  
Hospital

ELECTRIC WORK  
BEING COMPLETED

Work of putting the finishing touches on the new Jameson Memorial Hospital is being rushed as rapidly as possible in an attempt to have the institution ready for use about the middle of May.

During the past two weeks, the floor and walls in the laundry building have been completed and all is now in readiness for the installation of the machinery, which is expected to arrive any day. Part of this equipment has already been received, while more is on the way. When completed, the laundry will be one of the real show places of the hospital.

Work of laying the composition floor covering in the rooms and corridors is also well under way and should be completed shortly. The task of adding the last coats of paint to some of the rooms which had not been finished is now practically complete.

The administration room at the main entrance of the hospital is also being completed and the filing cases and other equipment is being installed. A beautiful mahogany finish is being given the woodwork. Electricians have been busy the past few days installing the lighting fixtures which have just arrived. This work will require several more weeks to finish.

Work of installing the lavatories in the different private rooms has been practically completed, most of the plumbing work at the institution having been finished. Practically all of the rooms are now ready for the installation of the furniture much of which is on hand.

The work of putting on the finishing touches in all departments is well under way and should be completed in time for opening the place about the middle of May.

## Allegheny Glee Club Sings Here

Wednesday in the auditorium of the senior high school the Allegheny College Glee club rendered several pleasing musical numbers which were enjoyed by all present. The college singing organization is made up of 25 young men of Allegheny college. They sang many numbers, including hymns, parodies and school songs. The Allegheny College Glee club is making a tour of western Pennsylvania high schools and this brought that organization to the local high school. Principal F. L. Orth was in charge of the second chapel which was held in two days.

## Girls Are Making Types Of Vases

The Girl Reserves of the Scioto street neighborhood house who meet every Wednesday at 4 o'clock are busily engaged at the present in making vases which they are designing as well as decorating. This class is under the instruction of Miss Grace Lowers of the Y. W. C. A.

The girls of this class recently finished making pocketbooks. There are some 35 girls who make up this organization.

## Give freely

## When your Children Cry for It

Mothers, who take one simple precaution, are seldom worried. With a bottle of Fletcher's Castoria in the house they can do what their doctor would tell them to do, when baby is fretful, feverish, colicky, constipated or stuffed-up with cold—give a few drops of this pure vegetable, pleasant-tasting preparation. It comforts baby and soothes him to sleep in a jiffy. It's perfectly safe for the youngest infant. Use it freely—and as often as needed, specialists advise. A more liberal dose is all it takes to comfort and relieve older children, when feverishness, bad breath, no appetite, colds, etc., show they need a good purging. The mark of genuine Castoria is the Fletcher signature on the wrapper. Look for it to avoid imitations.

## BOOSTER'S CLUB TO BE FORMED

More Than 100 Have Joined  
New Organization In New  
Wilmington

(Special To The News) APRIL 11.—Success seems to have crowned the efforts of the solicitors for the New Wilmington Boosters Association, as they announce that they now have 108 subscribers and members of the organization. The membership committee, which is composed of a few prominent men in the town, has been conducting the drive for members for the past several weeks.

With enough members now in the organization, a meeting is to be held in the local high school Monday evening to completely organize the Boosters group. At this meeting directors and officers will be elected and the constitution will be adopted. The new college town association will be known as the New Wilmington Boosters Club and it has as its purpose the furtherance of all civic affairs in the town, with specific emphasis being laid on the local fire company. The new club will co-operate with the recently organized volunteer fire company in an effort to make it one hundred per cent efficient.

Numbered among the present 108 members of the new town group are most of the prominent citizens of the college borough.

Regular track practice sessions have been held by the New Wilmington High school track team, under the direction of Coach C. H. Olsen, and the local secondary school athletes are rapidly shaping into form. The college town school has meets carded with several of the city high schools this year.

## Christian Endeavor Rally Next Tuesday

County Association Plans Annual  
Election Of Officers;

## Automobiles In Detroit Shops Show Increase

DETROIT, April 11.—Monthly production figures of the first six automobiles companies to report for March indicate a gain of approximately 17 per cent as compared with February figures.

Aggregate production of Ford cars and trucks during March totaled 181,894 compared with 159,011 for February. These figures include domestic and foreign production, and the output of Ford Motor of Canada.

The March Ford output of 181,894 units comprised 157,005 passenger cars and 24,889 trucks.

Breaks Record  
Chevrolet broke all monthly production records in March with an output of 147,274 cars and trucks. This compares with 122,249 cars and trucks in February and 133,657 units in March last year.

The record March production total enable Chevrolet to break all records for a first quarter. Total output for the first three months this

year was 354,701 cars and trucks as against 312,184 units in the corresponding period of 1918, the previous record first quarter.

Hudson reported March shipments of 44,293 cars. This is the largest month in history of the company and brings the total shipments for the first quarter to 108,298, which is the largest throughout period Hudson-Essex has ever known.

All Show Gains  
Buick Motor Company produced 14,206 cars in March as compared with approximately 15,000 in February this year.

Hupmobile shipped 4,316 cars in March as compared with 4,131 in February and 8,034 in March, 1928. L. P. Fisher, president of the Cadillac Motor Car Company says:

"The combined shipments of Cadillac-La Salle during March total 4,009 cars, a ten per cent increase over February."

Cadillac shipments for March were somewhat affected by building operations and we go into April with a considerable bank of unshipped March orders."

Under the new Jones law, providing five years and 10 thousand dollars for bootleggers, a New York official said that he had made it three hundred years.

## Reunion Plans Are Discussed By Vets

Several members of the 368th ammunition train, which included many men from New Castle and vicinity, met in the Legion Home Association building last evening where plans were discussed for the annual reunion which will be held here next fall were discussed.

Another meeting of the men is planned for the near future, when plans will be further developed.

Kept in mind that a mighty small clump of leaves can hide a view of what's coming at a crossin' men from New Castle and vicinity. I guess we can now proceed to enjoy met in the Legion Home Association th' balmy breezes of spring in our building last evening where plans flutters.

## Good Roads Meeting Is Held In North Star School Wednesday

### Residents Meet For Purpose Of Improving Ellwood-Zelienople Highway

ELLWOOD CITY, April 11.—Residents of the Ellwood-Zelienople road held a meeting last night at the North Star school in Franklin township.

The purpose of the meeting was to secure the improvement of the Ellwood-Zelienople road this year if possible.

The meeting was well attended. Several speakers pointed out the importance of improving this highway both from a local and transient view and the improvement will be a benefit to the community and motor traffic to the Perry and other main highways to and from Pittsburgh and would relieve traffic congestion and shorten the route between Pittsburgh, New Castle and Youngstown. Representatives of the Motor club and civic bodies attended.

Committees were appointed to carry the movement forward. It was decided to hold a meeting during the next week at a date to be announced later and members of the Good Roads association, Ellwood and New Castle Motor clubs were invited to attend as well as all motorists and residents who are interested in good roads.

## Play To Be Given At Shelby Tonight

ELLWOOD CITY, April 11.—A large crowd is expected to attend the play "Her Honor, the Mayor" to be presented tonight in the Shelby Auditorium by the Kings Daughters and Mrs. Nickolls class of the United Presbyterian church.

The play is a good natured satire on the woman's rights question, neither for nor against the movement and provides good entertainment for two hours relaxation. The cast for the different characters has been carefully selected and the play promises to provide a good evening's enjoyment.

## Bible Class Enjoy Tureen Dinner

ELLWOOD CITY, April 11.—Members of the Welcome Bible Class of the First Presbyterian church enjoyed a delicious tureen dinner Wednesday evening in the church.

About 30 members were in attendance. A short business session was held after which the members attended the congregational meeting in the church.

## Ellwood Men Suffer Loss In Rochester Fire

ELLWOOD CITY, April 11.—It developed today that the fire which destroyed a two story apartment and business building in Rochester owned by Loring Gelbach, Tom Daley and Harry Fisher, local men. The estimated loss is \$35,000 and is partially covered by insurance.

The cause of the fire is unknown but as the fire is said to be one of several mysterious blazes lately a probe will be made. The building was located across from the Penn-Beaver hotel and was completely gutted. The building was used largely as a store room. Four persons residing in upper floor apartments escaped by means of an ironing board placed from the window of their apartment to an adjoining building.

## Local Officers Install Officers At Erie, Pa., Lodge

## Of Farrell Club

Padlock Proceedings Against  
Farrell Moose Club Held  
Over Until September

MERCER, Pa., April 11.—The case of the Farrell Moose Club has been continued until September 11, it is announced today by District Attorney Leo McKay.

The club with nine others in the county was listed by the police for padlock hearings on the charges of violation of the state liquor laws. Preliminary injunctions were granted against the entire list by Judge J. A. McLaughry.

It is alleged by the police who visited the club recently that this court order has been violated. The Mannacher club of Sharon with the Farrell club were both included in the list handed down for final hearing.

## PLAN GARDEN PARTY.

The weather prophet that can name the day in June on which there will be no rainfall will earn the eternal gratitude of the ladies of the Children's Aid society of the county who hold their annual Garden party during this month.

For the last three years they have been raised out. The party is the sole medium of raising money to defray the expenses of operation of the orphanage here which cares for 30 children.

When the returns from the Garden party are not up to a certain financial standard the needs at the home have to be provided for in other ways.

people hold a doll festival. On this  
night the Fairy Queen of Sometime  
holds her court. She grants all the  
children's wishes if they will sing to  
her. Fairies, goblins and Japanese  
children sing of the wonderful "Land  
of Sometime."

## Big Gasser Struck

## In Butler Field

BUTLER, Pa., April 11.—T. H. Burton  
& Co., operating in the Buttercup  
district, west of Butler, has drilled  
in a well on the John Golla farm,  
which is showing a yield of about  
700,000 cubic feet of gas daily. The  
well was struck in the third sand.

The company has about 500 acres  
under lease in the district and it is  
expected that other wells will be drilled.  
It is near the old Petersville field,  
which formerly was one of the leading  
producers of oil in Butler county.

## GARDNER

Last Tuesday night, Rev. George M.  
Landis, pastor of the First Baptist  
church in New Castle, gave the first  
one of a series of six stereopticon  
lectures on Bunyan's Pilgrim's Progress,  
at Gardner chapel. Mr. Landis  
expects to give the second lecture  
next Tuesday night.

Rev. W. E. Minter, pastor of the  
U. P. church in Ellwood City, will  
preach next Sunday at Gardner  
chapel, at 2:30 p. m.

Mr. Thomas, of the Y. M. C. A.  
in New Castle, fully expects to teach  
the young men's class at Gardner  
next Sunday. Owing to some trouble  
on the Harmony line, Mr. Thomas  
was unable to be here last Sunday.

Three ladies came to Gardner, last  
Thursday, to visit their relatives at  
the Cornstock home. Mrs. Elva Farmer,  
of Warren, O., and Mrs. Charles  
Shellenberger, and daughter Miss  
Lillian, of New Castle.

Maxine, daughter of Mr. and Mrs.  
Richard Williams of Gardner is the  
second one of the family to be suffering  
with Whooping cough.  
Mr. and Mrs. S. C. Hazen, of Ellwood  
City, and Mr. and Mrs. Pierce  
Hazen and daughter, Mrs. Jones and  
her children Lucella and Lillian, all  
intended to leave DunEden, Florida,  
where they have sojourned for the  
last three months, and to reach home  
early next week.

Charles Drake of Princeton, was a  
business visitor at Gardner last Monday.

Mrs. A. H. Robb, and children of  
Gardner spent a few days with their  
relatives at the Group home at  
Princeton. Dale Robb has been ill  
for a few days but seems to be improving.

Mr. and Mrs. Earl of New Castle,  
are building a home on Forest avenue,  
at Gardner.

Rev. B. J. Watkins, superintendent  
of the City Rescue Mission in New  
Castle, preached last Sunday at Gardner.  
Mr. Watkins was accompanied

by Mrs. Watkins and their children  
and a number of friends.

Miss Elizabeth Hay, returned Missionary  
from India, was a guest at  
the home of her brother Frank M.  
Hay, and family, of Gardner, on  
last Thursday, and left on Friday for  
Phoenix, Arizona, where she will visit  
relatives until June.

Mrs. C. B. Anderson of Gardner is  
spending a few days with her sons,  
and their families, at Beaver Falls  
and New Brighton.

Mrs. Lewis and her daughter Evelyn  
of Wichita, Kansas, have been at the  
home of Attorney and Mrs. C. W.  
Fenton of Wilkison Stop, for some  
time. Mrs. Lewis was called here  
on account of the very serious condition  
of their brother D. G. Fenton  
of McKees Rocks. Word was  
received last Monday that Mr. Fenton  
was still worse and Mrs. Lewis went  
to McKees Rocks on Tuesday.

W. E. Ferry of East New Castle  
went with his pastor Rev. S. B. Cope-

land, of the Third U. P. church in  
New Castle, to the Presbytery at All-  
quippa, last Tuesday.

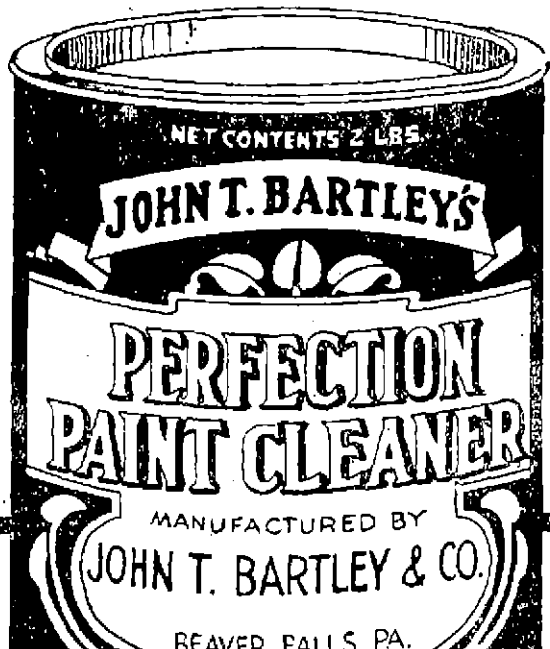

Mrs. T. J. Shaffer, and son Jess  
of Gardner have both been ill for a  
few days. T. J. Junior and family,  
and Sylvester Shaffer, all of New  
Castle visited at Gardner on Sunday.

Mrs. Laura Wallace and Mr. and  
Mrs. Davis of Sheridan avenue all  
visited at the home of Mr. and Mrs.  
Frank M. Hay last Sunday.

Mrs. Helle of Savannah visited her  
daughter Mrs. Paul Dean of New Castle  
recently.

Mr. and Mrs. William Walker and  
family of Wayne Stop, spent last Sunday  
at Gardner, with their relatives  
at the Charles Walker home.

Mr. McKendzie of New Castle will  
preach next Sunday night at the East  
New Castle Mission and Mr. McKendzie  
Junior will sing.

## Highly Successful Month At City Rescue Mission

Many Donations Are Received; Special Services Were Numerous

Superintendent B. J. Watkins Makes Report Of Work During March

Numerous contributions were received by the City Rescue Mission during the month of March, according to the report of that period just compiled by the superintendent, B. J. Watkins.

The resume of activities follows: Number of services held, 21; Sunday school services held, 5; church services outside the city, 1; special services in New Castle 1; total number services during March, 43.

There were 26 persons prayed with during that period. 17 Gospels of John were distributed. 53 calls and investigations were made. 364 meals were furnished. 237 beds were furnished. 118 free baths were given. One job was given to a transient. 18 donations were received while 52 families or individuals received clothing. 65 baskets of food or potatoes were given away.

The Rev. and Mrs. F. A. Childs conducted two weeks of special services at the mission beginning Monday, March 11, and ending on Sunday, March 24. Mrs. Childs preached the first week and Mr. Childs taught Bible the second week. Rev. Keegan, pastor of the Missionary Alliance church of Moravia stop, was present several evenings during these services and rendered several selections which were very helpful and inspiring. Mrs. S. J. Callahan and son and Mrs. Evans also took part in the musical program. Mrs. Comstock delivered a very effective sermon and the hall was packed and many favorable comments were made on this splendid service.

Children of the Sunday school pre-

sented their Easter program on Easter afternoon. The program was well presented and the regular candy treat was given to the children after the program.

The girls' sewing school class which meets every Saturday afternoon during the fall and winter months was exceptionally well attended this year. There were 136 girls on the roll this year and an average attendance of 65 came out. The last session of the class was held on March 21. Exhibition day was observed on March 30, when all finished garments which the children had made during the year were displayed. The mission furnished the necessary material and the girls made the useful garments. At the end of the year all of the garments made are given to those who made them. One hour of each Saturday's class is given to devotionals and this helped the girls considerably. Much credit is due Mrs. Childs and Mrs. Wink, who were in charge of the school this winter, and who were exceptionally faithful in their attendance.

There were a number of transients traveling about the district during the month and we did everything to help them along. We took care of them by giving them a night's lodging and a meal.

The Economy Shoe store donated a large box of second hand shoes. These were in first class condition, many of them being newly repaired. Wallace J. Ewing donated a considerable number of new shoes. The McCarty brothers of Volant donated four bushels of potatoes. Several friends donated fruit, jelly and the like. Furniture was also received from several people and in turn was given out to those in need.

BENJAMIN J. WATKINS, Superintendent.

**Chain Store Worry Cause Of Tragedy**

CLARKSBURG, W. Va., April 11.—Chain store encroachment recorded a tragedy here in the death of Robert E. Lee, 50, a clothing salesman.

who succumbed to slow poison, taken in a fit of despondency. Johnson formerly operated a clothing and haberdashery store in the Davidson block, West Main street, which was taken over by a national chain store concern year or so ago for one of its retail stores. He could obtain no other location and, his store was closed out. He was out of employment for a long period, though lately he acted as an agent for an outside clothing firm, which employment was not remunerative.

## Nurses Home At New Hospital Is Nearly Complete

Will Be Real Home For Nurses Quartered At Jameson Memorial Hospital

When completed, the new Nurses Home at the Jameson Memorial Hospital, the gift of Mrs. David Jameson, will be a real home for the nurses who are quartered at the institution. It is three stories in height, the first floor being occupied with a large reception room, behind which will be a small auditorium with a stage. The floors are finished in hard wood and can be used for dances by the nurses and for holding entertainments, graduation exercises for the nurses, and other purposes.

The second and third floors will be occupied as living quarters. The Nurses Home is now nearing completion and will be ready for occupancy when the hospital is thrown open for use.

It was impossible for a News representative to go through the place in his visit yesterday, because of the workmen are busy painting and putting on the finishing touches, but from what he was able to see of the place, it will be a handsome building, and entirely in keeping with the splendid institution which is a part of and will serve.

## Scioto Street Neighborhood House Report Of Progress Is Made

At a meeting of the Americanization committee in the Neighborhood House on Scioto street the report of the treasurer and the report of Miss Christina Butler who is in charge of the South Side institution were heard.

The meeting was held on Tuesday afternoon with the president Mrs. T. W. Phillips presiding. Plans were also discussed at the meeting for raising of the budget for the coming year. Miss Butler read the following report for the month of March: Calls during month, 42; book exchanges, 81; books donated, 4, given by Mrs. W. J. Marshall. Thirty books were given by Miss Johnson and Mrs. Nesbitt.

Sabbath school, Easter was observed with special music and an address. A trombone solo was given by Walter Simpson which was appreciated by all. Mr. Webb of the Bell Telephone company gave a talk to the Sabbath school.

The First Presbyterian Sabbath school donated the Scioto Street Sabbath school with 30 religious papers for boys and 45 for girls. Ten new benches were donated by the Men's Bible class of the Highland U. P. church. The Home department of Sabbath school now numbers ten new members. All classes are working as usual. Boys' class had an Easter party.

## Ex-Soldier Is Still Missing

Gone For Past Six Years, Rhode Island Man Is Still Subject Of Search

The United States veterans bureau has informed the Lawrence County American Red Cross of the disappearance of one Comrade Prescott William Hill who disappeared seven years ago from his room in one of the dormitories at Harvard university, where he was a student in the school of medicine. His home was at Providence, R. I.

It was on October 23, 1922 that Hill left a note on a table in his room saying that he was going "to that country from whose bourne no traveler returns." Today, after considerable searching his mother still believes that her son is alive. She inclined to believe that he is confined to a government hospital some place where his identity cannot become known due to his physical condition.

## Announce Donors To Public Library

Eleven persons donated books to the New Castle public libraries during the month of March, according to the librarian's report for the month. Donations totalled 64 books. Donors were: Mrs. M. D. Bennett, Dr. Herman Boyles, Jack Dickson, Mrs. C. A. Furgione, Willie McCaslin, William McLaughlin, Mrs. Ruth Marks, Glynn Morgan, Mrs. George Rigby, and Gale Young. There was one anonymous giver.

## Old Confederate Vet Applies Here For Aid

Transient visitors come and go at the elderly man wearily climb the stairs of the Lawrence County American Red Cross, according to J. Dempsey, the secretary. Ex-servicemen of the World War and veterans of other conflicts often drift in for aid, but seldom is there one of the kind that happened in just recently. "He was a Confederate army vet-eran, past 80 years of age," said J. Dempsey. "Sitting at my desk in the office with the door opened, I saw

and said he was once a member of Stuart's famous cavalry. He was on that he is quite active and Mr. Dempsey told Mr. Dempsey that contributed some to help him along his salary down to \$1,342.60 a year; he had no home and just roamed to Clarion. The American Legion, hiring 10 men to handle one job.

## Midget Wolgast To Arrive Here Friday

"In Best Condition Of Career" Keyes Wires And Jim Buchanan Says "Tell Fans Davies Will Be In Ace Shape Ready For Gong, Monday"; Fans In Fine Fettle For Fistic Extravaganza; Other Local Fistic Gossip.

By ED FRITZ

Midget Wolgast, flyweight champion, is in the best condition of his career and will reach New Castle Friday, "Johnny Keyes."

"Tell New Castle fans that Willie Davies will be there in ace shape and ready for the gong Monday night," Jim Buchanan.

This is the sum and substance of telegrams received today by Promoter Pat Jolly from the boxers' managers.

Wolgast has trained in Philadelphia and will avoid boxing to escape likelihood of cuts which would handicap him Monday night.

Davies will lay aside the boxing gloves Friday and thereafter depend upon calisthenics to keep his muscles loose.

The flyweight champ of the state and his chief rival are scheduled to box 10 rounds at Jolly's box.

Interest in the bout is away above par and the banner crowd of the season is anticipated.

There is a deep-seated rivalry between the opponents that can only be settled by the actual clash.

Each has class, speed and stamina. They're brainy, cunning and the ring episode should be a marvelous fistic extravaganza.

Wolgast will be accompanied by his bride of a month. The Wolgasts will stop at the Leslie.

Davies will arrive Sunday evening in company with his manager, Jim Buchanan.

Train at Dime's.

Wolgast will journey to the Jimmie Dime gymnasium for a light workout Friday afternoon.

He will skip rope, punch the light bag, shadow box and toss the medicine ball around the gymnasium.

At Charleroi, Friday, Davies will box with his brother Tommy then lay the gloves aside until the bell rings.

Long Sing Que, the Chinaman, who fights Roy Miller, will not arrive until Sunday.

U. S. Carpenter is doctored to box the rugged Young Kaiser while Johnny Pail will stack up against Joe Dinger.

Johnny Jennings is on the ground. He will step out with Bobby Vogel of Erie, who is said to have fought ten times.

Interest Thickening.

There is a bushful of interest in the coming show, because Wolgast and Davies have been rivals for years.

Wolgast maintains he is Willie's master, something that the boy from Charleroi refuses to admit.

Joe Dinger has added "pep" to the card because he is a smart puncher and hopes to ascend over Pail's fallen frame.

But he will have to go some if he does as Pail is one of the best punchers in the 150-pound class and a hot semi-final is sure.

It wouldn't be the least surprising were this tilt to end in a knockout as both will slug.

Kaiser hopes to take everything Carpenter can offer then trade into the Kenney-Klein match.

Just how Long Sing Que and Miller will come out or Vogel and Johnny Jennings in four rounds is a matter for conjecture.

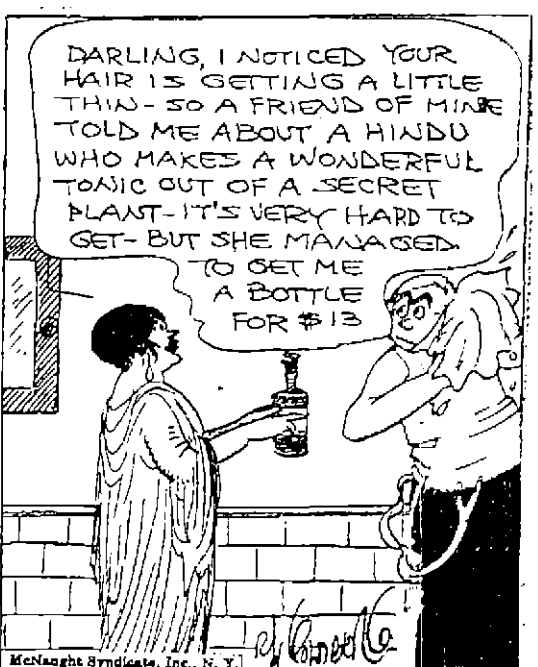

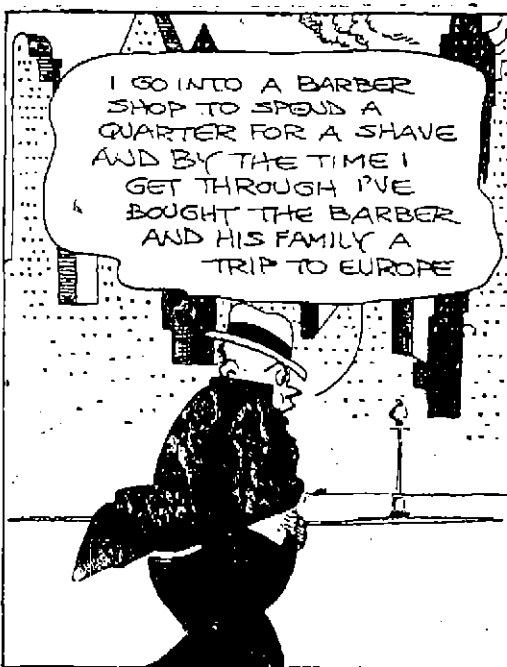

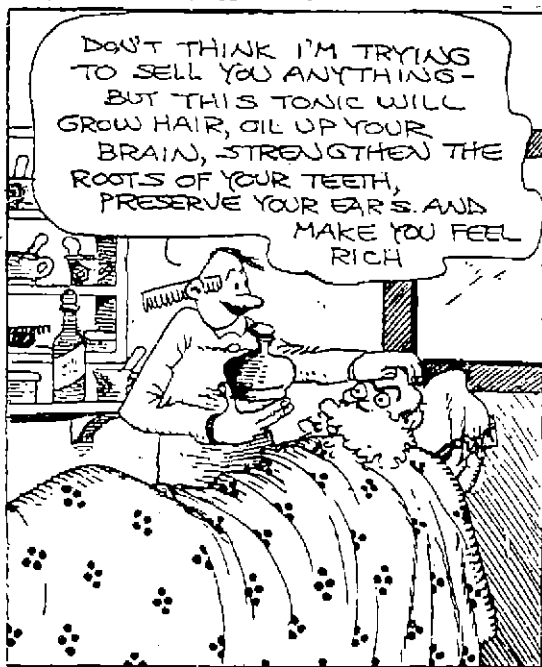

Should Collect Tickets.

There'll be a big rush for the box at 6:30 p. m. and fans who now have reservations can obtain them.

This will avoid their participating in the rush for the doors which will be opened at 6:30 p. m.

Approximately 1,000 reserve seats have been sold and the fans are com-

## Babe Ruth Fails To Set World Afire By His Playing To Date

Babe Ruth Has Lost Something Vital Is Viewpoint Of Baseball Experts

Death Of Estranged Wife May Be Cause For Listless Showing In Spring Training

By DAVIS J. WALSH  
International News Service Sports Editor

NEW YORK, April 11.—They are chanting the Litany over an allegedly recumbent Mr. Ruth as the great man stumbles and fumbles his way over the land in pursuit of the spirit of his departed youth. Without the slightest attempt to dissemble or to mitigate, they say he is slightly tinn, so to speak, and proceed to discourse learnedly about the half-stride "that is missing in his speed," the noticeable

"shortening of his swing" and the inevitable difference "of the split second in his start."

To put the matter less garrulously, it may be imagined the observers suspect that the man who has become the man who was. They add that none realizes this fact more poignantly than Mr. Ruth himself, who, if true, is really important. The man who has gone back usually discovers the fact well after his arrival at the destination in question.

Babe Is Slipping.

However, it really is poor taste to take liberties with Mr. Ruth's future; also execrable tactics. For the gentleman has one thing in common with John Dempsie. The only way one can assure himself of being wrong from early infancy is to pass an opinion on either of them. All one has to do for Mr. Ruth is to venture timidly that he is good and, forthwith, he becomes bad beyond all reason. Conversely, one drafts a powerful dissertation concerning evidence of his incipient decay, and—bloody, he makes of you one first class bum.

Still, if you stick with the negative side of the Ruth argument, you have to win some time and maybe this is it. He did falter badly in the stretch last season, managing to save his countenance only by an orgy of hitting in the world series. Smart baseball men thought they saw over the season's play where he failed to come up with fly balls he should have caught on the point, if any, of his interesting snout like a trained seal and also were pleased to believe that his speed on the bases was no more.

Is Man 35 Years Old.

There is nothing remarkable about all of this. The man is thirty-five years old and the end can't be far away.

Perhaps it is here already, perhaps not, Mr. Ruth undoubtedly is striving, for he likes to astound the populace with his feats and the office records of the Yankee tour this spring prove that he has not been without encouragement in this respect. The Yanks have played to upward of 75,000 persons in ten days on the road, something of an exhibition record.

Mr. Ruth has been more than a mere number on the bill. He was and is the bill, and when the chumps weren't rioting to get near him, they were peeping through dining room doorways, listening to him at his soup.

The story is that Mr. Ruth's popularity, like Dempsie's, has increased in proportion to his disability. Personally, I think it might be well not to go too far with the obsequies until one makes certain of his corpse, for Mr. Ruth ever was an adept man in the spring. Anyhow, they say the chumps have been all too ready to condone his short comings, thereby increasing the anguish of his failures.

Apparently, he has been doing most of his striving at the plate and the funny thing about this is that, if he has hit two home runs all spring, he must have got the other one at a private sitting or something as for the rest of his game, there seemingly has been none. He doesn't chase fly balls, he breaks no legs going down the first base line on taps to the infield.

The answer is that Mr. Ruth is rating himself along against the hour when a discussion of his 1920 contract is indicated. He is considering everything for a last, magnificent gesture and I, for one, would hesitate to say that it will be in vain. Nor would I attempt to call it the other way, either. Mr. Ruth is like that.

Chocolate Favored To Defeat Graham

NEW YORK, April 11.—Kid Chocolate, Cuban featherweight who fights Bushy Graham, of Utica, N. Y., at the opening of the New York Coliseum here tomorrow night, has signed for a bout with Bud Taylor, Terre Haute veteran, at the Boston Garden on May 10. The Cuban is a 9 to 5 favorite to beat Graham.

Hoyt Selected To Pitch In Opener

ATLANTA, Ga., April 11.—Walter Hoyt, star right-hander, will pitch for the New York Yankees in the opening game of the season against the Boston Red Sox in New York next Tuesday. Manager Miller Huggins announced today.

## Track Meet To Occur In May

Class B Track Meet Of County High Schools Will Occur May 18

The Lawrence county township high school tracksters will participate in their annual meet this year on May 18 at the Ben Franklin field in this city, according to the official announcement from the county athletic committee.

The county track meet is an annual affair here, prizes being given to winners in the events and cups given to winning teams. Several hundred boys will participate in this year's meet.

All entrance blanks must be in the hands of the committee again May 1, according to the announcement. These blanks should be mailed to A. L. Wingers, secretary of the committee at Bessemer.

This year's meet will incorporate the three classes of events, entrants being divided according to school grades.

President Coolidge says he will write some books. So that's why he has been saving his words.—The Greensboro Daily Record.

## Syracuse Ball Club Is Worth \$250 Says Bidder In Bankruptcy

(International News Service) SYRACUSE, N. Y., April 11.—The ball players of the bankrupt Syracuse club of the New York-Pennsylvania league are worth about a dime a dozen, in the opinion of the lone bidder at the baseball auction here yesterday. He offered \$250 for the whole team, the franchise and the office and field equipment. The referee in bankruptcy refused the offer and the sale was adjourned until Saturday morning.

## Pitt Will Enter Team In Relays

(International News Service) PITTSBURGH, April 11.—For the first time in years the University of Pittsburgh will enter a complete list of athletes at the 35th annual University of Pennsylvania relay carnival, it was announced here today. Pitt will enter eleven events. The relays will be held April 26 and 27 on Franklin Field, Philadelphia. Fifteen men will represent Pitt each day. For years Pitt has entered a team, but not in such proportions, it was said.

## County Baseball League To Begin Here Next Week

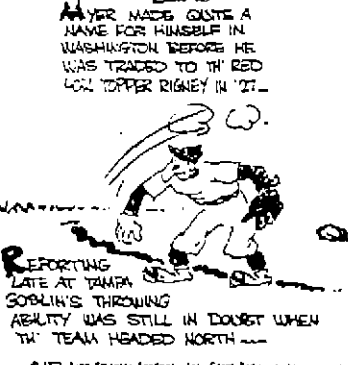

Class B High School Baseball League To Start April 19

County Township High School Teams Divided Into Two Groups

Baseball in the county class B high schools will begin April 19, states the county school athletic committee. This is the initial league of baseball for the county schools wherein a county league will be maintained.

Due to the shortness of the season, the schools have been divided into an east and west group. Play-offs will occur in each division and the championship of the county will be decided when the winners of these two divisions will clash. The East Section consists of Volant, East Brook, Plainville, New Wilmington and Princeton, while the West Section schools are Union, Jackson, Bessemer, Wampum and Shenango. The schedule for the East division has not been completed as yet, but the West group has arranged the following schedule: April 19—Union and Wampum at Jackson; Jackson and Bessemer at Jackson; April 22—Shenango and Union at Bessemer; Bessemer and Wampum at Bessemer; April 30—Union and Jackson at Union; Wampum and Shenango at Wampum; May 3—Bessemer and Union at Bessemer; Jackson and Shenango at Jackson; May 7—Shenango and Bessemer at Shenango; Wampum and Jackson at Wampum. ## Some Important Senators

By QUIN HALL

Walter Johnson, the "Big Train," is going to try to snag a pennant for the Washington Senators this year, and there are few fans in the country who wouldn't like to see the great sportsman make that grade.

But even with the backing of the nation, Walter is going to have a tremendous fight to land a championship in the Nation's capital.

Last year the Senators, under the management of Stanley Harris, finished fourth, winning 73 and losing 79 for a mark of .437. While Johnson will have one of the fastest clubs in the American League this season, the team, on paper, doesn't look much stronger than it did in 1928.

While the gang were in training at Tampa, the Big Smoke Town, Johnson spent a lot of his time with the rookie writers. That's rather natural. The "Big Train" was in quest of a couple of good pitchers for he figured that, with a pair of finds for the mound, Washington might go into the season with a chance—an outside chance—to be a contender. Without uncovering any new flinging talent, the Senators will be lucky to finish in the first division.

Johnson liked the work of young Ad Liska when your correspondent saw the Senators in training. Ad has only been in baseball for a couple of seasons and did a good job with the Minneapolis club last year. He's an underhanded flinger with a style even more radical than that employed by Carl Mays. His style alone will make him a drawing card if he can win games. Johnson is—or was—very enthusiastic over the youth at Tampa.

Lloyd Brown was another young-

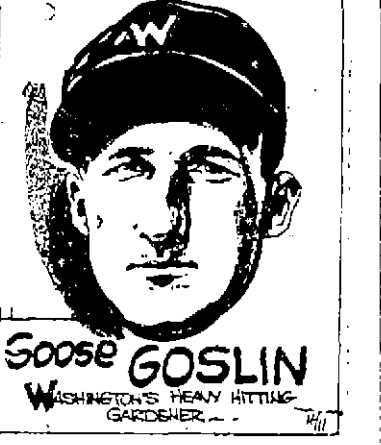

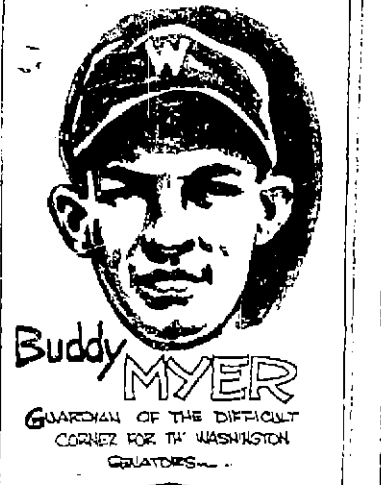

ster who seemed to have pitching promise, according to Johnson.

The Senators suffered from several accidents in their training at Tampa. Johnson hoped the team's casualty list would be diminished so that he could put its whole strength into the opening tilt.

Goslin, the Goose, had just reported when we first saw the team down South and the question concerning his throwing arm was still in doubt.

While Goose played through last season and finished just ahead of Manush as the best batsman in the American League, he wasn't so fancy when it came to ball hawking in the outer garden. While the Goose could catch 'em, if they were on the fly, he had difficulty in getting the onion back to the infield in case he had to take 'em on the bounce. In fact, the infield formed a "bucket brigade" whenever the ball went bouncing into Goslin's territory. If Leon's arm has come back, he'll be a big asset to the club. If not, he'll help some with the hitting, anyway.

Ruddy Myer, the third sacker who is back with the Senators this Spring after spending a couple of seasons with the Boston Red Sox, was meeting the ball square on the back down South and cavoring about the difficult corner like a colt let loose in a pasture for the first time. Myer was the top hitter for the Red Sox last year and, if he can park the apple at the same rate while toiling in Washington, he'll be an added help to Johnson, and his aspirations to snag a chunk of bunting. He cost the Senators plenty in the shape of players and the fans will be watching him to see if he is worth it to the 1929 Johnsonians.

## Landis Frees Ball Players

Stars Do Not Need Protection  
But Ordinary Players

Do

### LANDIS HAS PROVED "LINCOLN" OF "DIAMOND"

By DAVIS J. WALSH,  
International News Service Sports  
Editor.

NEW YORK, April 11.—Sixty-eight years ago it was Lincoln who made all men free except professional ball players. Today it is Landis who comes forward to correct the oversight.

"Baseball's slaves of the diamond," "human chattels," "these were terms we once were pleased to use ironically in referring to the many fellows who trod the ball field for hire. But no more. The judge invested these phrases with a touch of grim reality when by recent quiet he held that players to the number of half a dozen or more were being restrained unlawfully by major league malpractices and thereupon read a modern Emancipation Proclamation to the magnates he deemed to be involved.

The players he said were being "covered up" meaning that the clubs who had them under reserve were keeping them out of the major leagues against the day when they might be needed. Today for example, he says, players may be of no immediate use; tomorrow they may be.

Harmful to Men.  
So the club owning them prepares to hold them as long as the law allows regardless of the fact that they may be good enough to catch on with three or four other outfits in the major leagues. This of course, does he say, is a question of no good in a great big way.

There is nothing new about this. It has been going on for years, publicly deplored and winked at in private. The only thing new about it is baseball's biggest official has been big enough to call the thing by its given name.

His action may serve to bring the boys out from behind the portiers not only in this business but also in the matter known as the "gentleman's agreement." This calls for understanding co-operation between certain clubs whereby they waive on each other's players without question although in many cases the waving club ordinarily would be glad to have the player.

The latter is prevented from obtaining the maximum reward for his ability through the operation of these systems and the proof of this is found in the spectacle of the players "freed" by Landis degree selling themselves to other major league clubs for as much as \$10,000. That is more money than the average man would see during three years in the minors.

Few Big Stars.

Of course the ball players we know see every day are more slaves than are so many prima donnas of the opera. For baseball is very good to the men it is sure it can use; it is the mediocrities, the strugglers who need protection, as always. They are the dum-dwellers of the profession and life will kick them around if it can. Whether the kicking be done on the ball field or on the sidewalks.

We are too much impressed with the luxury of baseball as personalities to see so many prima donnas of the opera. For baseball is very good to the men it is sure it can use; it is the mediocrities, the strugglers who need protection, as always. They are the dum-dwellers of the profession and life will kick them around if it can. Whether the kicking be done on the ball field or on the sidewalks.

## To Further Plans For Mush Ball Here

Meeting Of Those Interested  
Will Be Held At Y. M. C.  
A. Next Week

Announcement was made today by General Secretary R. L. Meerman of the Y. M. C. A. that another meeting would be called for some time next week when the proposed mush ball league for New Castle will be discussed.

A meeting was called for last week but because of the short preparation which had been made for it, the attendance was small. Several teams have already been lined up, however, and others are expected to become interested.

If possible, a six or eight-team league will be operated during the coming summer. It is believed that once the sport gets under way here, that it will meet with favor. In many cities, the game has supplanted that of regular baseball in the favor of the players.

## Olympic Winter Games Awarded To Lake Placid

LAUSANNE, Switzerland, April 11.—Despite the demand of Los Angeles that every event in the Olympic games in 1932 be held in California, the International Olympic committee has awarded the winter games to Lake Placid, N. Y., members of the California Olympic games committee had declared that the winter games could be held at a mountain resort in their state.

## Senior High Boys Playing Mush Ball

Among the outside activities which are in vogue during the boys' gym periods at the Senior High school at the present, there is one sport which is new to many of the high school chaps. That sport is mush ball, or indoor baseball, as it is called.

The playing of this game has begun this week in the empty lot near the addition building of the high school. When the weather is suitable Physical Director William L. Klee divides the gym classes in two sections, with one-half of the class playing volleyball in the gym while the other participates in the game of mush ball.

Plans are being now completed to install different exercising apparatus in the empty ground. This will give the boys something more to do during their lunch hours. At the present the boys play basketball during the lunch period.

AT MONTREAL—Charlie Belanger, Canadian light heavyweight champion, won decision over Harold Mays, Bayonne, N. J., heavyweight (10).

AT CINCINNATI—Billy Angelo, of Leipsville, Pa., outpointed Tony La Rosa, Cincinnati welterweight (10).

AT MINNEAPOLIS, N. Y.—Connie Joensen, Texas middleweight, outpointed Vince Snowflakes, of Los Angeles with all fast midge teams in the city. (3).

## Why Doctor Reynolds Insists on Milk of Magnesia in Tablet Form

The Doctor's Verdict.

"Yes, Lac-Ma Wafers, I always insist on my patients using Lac-Ma when the need of a Milk of Magnesia is indicated. Liquid magnesia precipitates while Lac-Ma gives assurance of accurate dosages and is pleasant and easy to take."

Again science has triumphed and today the medical and dental professions are prescribing Lac-Ma Wafers.

Children Love Lacma.

Children who fight against taking unpalatable liquid magnesia actually crave Lacma Wafers, because they taste like candy.

Lacma Wafers Economical.

Lacma Wafers keep perfectly under all conditions. You get more for your money as there are 100 teaspoonful in each package. No danger of freezing or precipitating.

Lacma Wafers Convenient.

Lacma comes in an attractive package which, due to Lacma being concentrated, can be carried in your vest pocket. Remember it is not necessary to add water to Lacma—of course you can if you wish—but Lacma will dissolve quickly if just placed upon the tongue.

Use Lacma Regularly.

All admit that milk of magnesia should be used for various uses—correct acidity, for bad breath, a gently laxative, cleaning the teeth—and all the various uses for which milk of magnesia has been found so desirable.

Go to your druggist today and ask for a LACMA package of Lacma Wafers. They cost but a few cents. Start using Lacma Wafers and you will never go back to the old methods.

Baseball Teams In 'Big

Season

(International News Service)

MEMPHIS, Tenn., April 11.—Pie Traynor, captain and third baseman of the Pittsburgh Pirates, will be back at his position when the team takes the field against the Memphis outfit here today. Pie has been suffering from a hip injury which has kept him from the game for several weeks. The Bucs welcomed the Detroit Tigers at Shreveport, La., yesterday, 10 to 6, making a clean sweep of the exhibition series.

PHILADELPHIA, April 11.—The Athletics and Phillies were to resume their city series here today, weather permitting. The game yesterday was called on account of wet grounds. The series is even—Stephen, with one win apiece.

The New York Giants were determined to turn the tables on the Senators in the third game of their exhibition series at Washington today. After having been bowled over twice by the American Leaguers, the Giants won a moral victory yesterday by holding the Nats to a 2 to 2 tie at Charlotte, N. C., yesterday in a game halted by rain after five innings.

Buster Gehrig was wearing Babe Ruth's laurels today as the New York Yankees came to Atlanta to play the Crackers. The young home run man walked a home run and triple as the Yankees defeated the Braves yesterday, 10 to 6, Ruth getting three respectable singles.

Having seen Catcher Al Lopez and Outfielder Max Rosenfield get the axe at Atlanta, the Robin rookies visited Mason, another Brooklyn farm, with fear and trembling today. Their worry appeared somewhat justified, for the Dodgers looked bad in losing to Atlanta yesterday 4 to 2.

The Cubs were enroute to Kansas City today, following their week's series against the Boston Red Sox. The Cubs won every game except the final which ended in a 4-4 tie after 14 innings.

The barnstorming White Sox troupe was in Terre Haute today, working toward St. Louis where they open the pennant season next Tuesday. They stopped over in Louisville yesterday long enough to rub the American Association Colonels 6 to 0. Adkins pitched the full route, holding the Kentuckians to five hits.

Bucky Harris and his Tiger team were homeward bound today. They arrive in St. Louis shortly before noon and leave late this afternoon for Detroit arriving there tomorrow morning.

Eddie Conner, secretary of the Lawrence County Baseball League, announced today that the contracts were ready for the various teams and that they can be secured by calling at the Sporting Goods Store at any time during the day.

So far there are seven teams in the Lawrence County League. It was hoped that eight teams could be secured, but there seems to be a lack of good fast teams here this year. Any way, they are not desirous of joining any leagues.

The teams already signed up are: Hillsville, Bessemer, Slovak A. C., Penny Railroad, Rick Motors, Italian A. C. and Wampum. The season will likely get under way about the middle of May.

"Whatever is contrary to nature is immoral." This, then, defines the good loser. The cheerful winner takes the bee's honey, but not the bee's sting.

## PITTSBURGH FANS WELCOME PETTY AS LEFTHANDER

By LES CONKLIN  
International News Service Staff  
Correspondent

NEW YORK, April 11.—Pittsburgh fans will be particularly happy to see Jess Petty in a Pirate uniform this season, for his acquisition will re-establish a tradition that the Smoky City crew always carries a first-class southpaw. From 1885 to 1924, when Wilbur Cooper pitched his last season for the Bucs, there were few seasons when the Pittsburgh pitching staff did not include a crack left-hander.

Pittsburgh's first great southpaw was Ed Morris, who came to the Pirates from the Columbus club in the American Association in 1885. Morris was with the Bucs when Pittsburgh entered the National League in 1887 and remained with them until 1893. The next star southpaw to join the Pirates was Frank Killen, obtained in a trade with Washington in 1893. Killen was one of the club's best pitching bets for four years.

Rube Waddell There.

Killen was succeeded by Jess Tannehill, who stayed in the Smoky City outfit about six years. The eccentric Rube Waddell and Eddie Doherty also were with Pittsburgh during Tannehill's stay there, although neither stuck around as long as Jess.

Jack Pfeister joined the Bucs in 1903 and pitched the next year. The famous Lefty Leifeld was the next "cockeye" to come to Pittsburgh. Lefty donned a Pittsburgh uniform in 1905 and pitched winning ball for seven years.

During Leifeld's stay at Pittsburgh, Eddie Karger, Young Cy Young and Hank Robinson were added to the staff.

In 1912 there appeared Wilbur Cooper, who was perhaps the greatest southpaw ever to wear the Pirate livery. For a dozen years Cooper was one of the best left-handers in the league.

To Succeed Cooper.

Other modern day contenders on the Pirates were Earl Hamilton, Yde and Senger. Hamilton was good in spots and Yde enjoyed a phenomenal season in his first year with the club, but none could rival Cooper in consistency.

Petty is being counted upon to fill the place left vacant when Cooper left in 1924. The Silver Fox would have made a sensational record with the Pirates if he had been able to make any runs for the club. With the heavy-hitting Pirate team behind him, he should be well up among the leaders when the 1929 returns are in.

Morris, Pittsburgh's first southpaw, still lives in the Smoky City. So does Killen, the second in the list. He runs a hotel.

Slovak A. C. To  
Meet On Sunday

The Slovak A. C. team of the Lawrence County League will stage an important meeting on Sunday afternoon, April 14, at the Slavish hall on South Jefferson street. The meeting has been called for two o'clock by the manager, Morris Slovinsky. All players are asked to attend this meeting.

## Canadian Tennis Players Victors

(International News Service)  
NEW YORK, N. Y., April 11.—American tennis players had a new Canadian Davis Cup star today as the result of the defeat of Wilmer Allison, of Fort Worth, Texas, fifth in the national ranking, by Marcel Rainville in the north and south championship yesterday. The French-Canadian won by the score of 3-6, 6-4, 8-6.

Jack Wright, another Canadian Davis Cup player, eliminated J. Gilbert Hall of New York. Today Wright plays John Van Ryn, of East Orange, N. J., No. 6 in the United States ranking. In the other semifinal Rainville is paired with Sadakazu Onda, Japanese Davis Cup player, who yesterday eliminated E. D. Teomans, of the University of California, by the score of 6-3, 6-5.

Under ideal running conditions Paul Simpson of Burlington, N. C., led the Pyle derby runners into Waynesburg, Pa., from Uniontown yesterday. He trotted the 33 miles in 4:46:15 and his elapsed time in 76:05:18. Peter Gavuzzi who stayed at Slippery Rock creek last summer and Ed Gardner tied for third place as Trimble forged in second.

Enthusiasm marked the departure yesterday from New York of the Ryder cup team which sailed for England to defend the International Professional Golf championship. All of the 10 players had hopes of beating George Duncan's British outfit. Walter Hagen, captain, Johnny Farrell, Leo Diegel, Gene Sarazen, Horton Smith, Al Watrous, Al Eplon, Ed Dudley, Joe Turnesa and John Golden comprise the American team.

Scanning the sport pages fans will read where Bushy Graham who boxes Little Chocolate, in New York, refused to go through with a bout with Steve Smith at Wilkes-Barre, March 23, which has resulted unfavorably for Graham. But Graham is a fox and knows he might have had trouble winning which would have endangered his bout with Chocolate.

Smith floored Benny Kass twice at Cleveland and they staged a thrilling tilt at Philadelphia. Taylor and Gunshill have paired them for the opening show when the open air season arrives in Philadelphia. Smith, in Phila, is well liked and there isn't any reason why he shouldn't be when one peruses his record.

He floored Kass, twice, as stated above, put Eddie Anderson down on the floor knocked out Doc Snell in three rounds and put the scoundrel Honeyboy Flanagan to the canvas and I'm going to use my time here as advantageously as possible.

# Y. Drive Workers To Banquet Friday

Four Boys Teams Will Meet At Six O'Clock For Complimentary Supper

Fifty boys, all members of the four boys department teams which will participate in the annual Y. M. C. A. membership drive here next week, will be given a complimentary supper at the Y banquet room Friday evening at six o'clock, according to the announcement made today.

This will be the first meeting for the group prior to the drive proper and final arrangements will be made at this time as well as instructions given to the workers by general chairman John Ray Preston and other key men in the campaign.

Captains of the boys teams are Clifford Pollock, Donald Anderson, Nick Uram and Roger Meermans.

# Louis Pagley Home From Visit In Italy

Louis Pagley of Highland avenue extension, has returned from a six months visit in Italy, where he spent most of the time near Naples, Italy, at his place of residence before coming to this country.

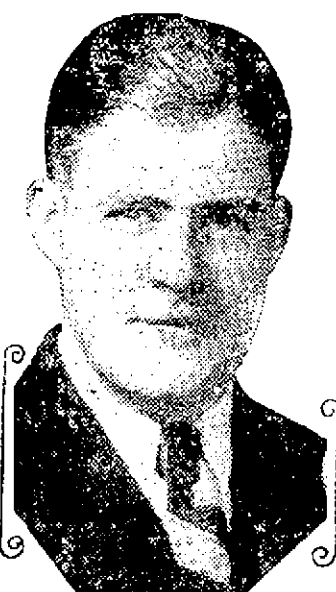

He reports that he had a splendid time, having an especially good time hunting in the mountains near his place of residence. He secured five gray foxes and many types of birds native to that place. He brought the pelts of the foxes back to this country with him and is having them mounted.

Business conditions there are fairly good, he states. One of the most novel changes he noted was the enforcement of the order of Mussolini prohibiting the use of profanity. There are signs everywhere, in the trains, street cars and along the streets, informing the public that it is unlawful to use profanity. And it is being strictly enforced and violators being made to pay penalties for indulging in the same.

Mr. Pagley returned to this country thoroughly convinced that Mussolini is the right man in the right place in the affairs of Italy.

The true college-boy type is one who buys the latest style hat to leave at home.

# Braham To Direct College Class Day

LUTHER BRAHAM

(Special To The News)  
NEW WILMINGTON, Pa., April 11.—Luther Braham, Butler, has been appointed chairman of the senior class day committee at Westminister, according to James McQuiston, president of the class. Braham will have charge of the committee which will plan the class day exercises of the 1929 group to be held Saturday, June 1.

Braham, a graduate of Butler high school, is a member of Theta Upsilon Omega fraternity. He was a student manager of this year's basketball team, has been a member of inter-class and intra-mural basketball and football teams, and has been a member of the inter-fraternity council and the intra-mural board. For three years he has been a member of the dramatic club and has taken important roles in a number of plays. He has been a member of the chess club, the college quartette, the orchestra, and the choir. These activities fit him admirably to direct the class day exercises of the graduates.

# FIVE ARKANSAS TOWNS REPORTED HIT BY TORNADES

(Continued From Page One)  
Moorefield, Ark., and it was expected that total would be increased. It was said that the tornado was first sighted at Calico Rock, Ark., from where it travelled eastward with great rapidity. The twister was said to have cut a path about two miles wide.

**Town Ruined**  
Springfield, Mo., April 11.—Guion, Ark., on the Missouri Pacific railroad south of here, has been wiped out by a tornado according to word received here by city authorities and railroad officials.

An unconfirmed report stated two persons were killed on a farm near Guion, but reports from a Missouri Pacific freight train crew arriving here from the south said only ten or fifteen persons were injured. The storm struck Moorefield, Ark., according to the Missouri Pacific railroad offices here and it is believed that the town was destroyed. Telephone and telegraph lines are down in the stricken area.

Reports that fifty dead and wounded had been transferred from Guion to a hospital in Batesville, could not be confirmed from here. A general call for aid, however, has trickled

through and Red Cross contingents may be mobilized from here.

It is understood the Midwest branch of the American Red Cross at St. Louis has been asked to send all the aid available from Southern Missouri and Arkansas centers.

Communication between Memphis and Northern Arkansas points was broken early last night, indicating the storm struck some time early in the evening. That the tornado originated in Southwest Arkansas late yesterday and swept diagonally across the state hitting here and there, doing most damage at Guion, Moorefield and northeastern points, was indicated from reports received here.

In the absence of communication other than railroads and highways accurate checkup of damage and loss of life probably will not be made until late today.

Truckloads of volunteers are joining relief crews to go to the aid of the stricken towns.

# WORLD'S SMALLEST WATCH SHOWN DOWNTOWN

A lady's wrist watch, smaller than an ordinary ten cent piece, is now on display at Jack Gerson's.

Local watch experts consider it one of the marvels of present day watch construction. The case of the watch is made of solid platinum, studded with finely cut pure white diamonds around the edge. It is valued by Mr. Gerson at \$1,000.00.

Because of its smallness, it was impossible to incorporate a regular winding mechanism such as is found in watches of ordinary size. To wind this watch it is necessary to rotate the back of the case to and fro. When fully wound, the movement will run twenty-four hours.

Mr. Gerson explained that the watch was made by one of the most highly skilled watch makers in the employ of the Bulova Watch Company, Fifth Avenue, New York City. It took this man six months to produce the movement, some parts of which are so small, that they resemble grains of dust. To obtain an idea of the infinite care and patience required to make a movement of this kind it is only necessary to know that some of the screws used in the movement are so tiny that it takes more than 38,000 to fill an ordinary thimble. Yet, in spite of their size, they are cut with the same precision and exactness one would expect to find in screws as large as one's finger.

The red ruby jewels used in the movement, can barely be seen with the naked eye. It takes 220 of them to equal the weight of an ordinary two cent stamp.

The watch will be on display for the rest of the week.

# EASTERN FLIERS MAKE HALT HERE

Lancaster Plane Halts At Bradford Flying Field For Night

Pilot J. P. Jones, flying a Waco plane, made a halt here for the night at the D. Roy Bradford flying field on the Youngstown road about 6 o'clock Wednesday evening. Pilot Jones hails from the Lancaster, Pa., flying field and carried with him as passengers, James Keiser and F. Schoeniman.

These same men made a halt at the Bradford port last Sunday to refuel as they were on their way to the air show at Detroit, Mich. The Lancaster pilot was so pleased with the local port that he planned to make the over night halt here on the return journey.

The fliers planned to take off about noon, but weather conditions broadcast were not at all favorable and at 2 o'clock they had not started.

# Beware of Bladder Weakness Getting-Up-Nights

Disturbed Rest Undermines Health. Saps Vitality, States Physician Who Recommends Home Treatment

Men and women who are constantly aroused and distressed by Bladder Weakness or Urinary Irritations should take immediate steps to combat their trouble before it reaches a serious or perhaps dangerous stage. Backaches, Headaches, pinning sensations, nervousness, restlessness, frequent but scanty urination with burning and pain, getting-up-nights—these are some of the more troublesome signs of Bladder Weakness or Irritation that should have prompt attention.

No matter how stubborn your case may seem to be or how many different medicines you have tried without success—don't give up, and think your case hopeless or the natural consequence of advancing years, until you have tried the special private prescription of Dr. Southworth, a physician of over 40 years' successful experience. In order to reach the many thousands who cannot come to his office, Dr. Southworth has placed his URATABS in Baker's of New Castle, Inc., and other good, local drug stores—and invites you to try them without risk of cost, unless pleased. If URATABS bring you swift and certain comfort you will be happy. If they do not satisfy, they will cost you nothing—so, if you need this grand medicine, try it today! All good druggists.

# McCrae Inquest To Be Held Tonight

Coroner J. P. Caldwell will this evening at 7:30 o'clock in the city police headquarters hold an inquest in the case of the death of James McCrae of the seventh ward, found fatally injured on the sidewalk in front of the Moravia street apartment of Walker McKay, negro, who is under arrest and suspected of knowing something about the injuries, which caused the death of McCrae.

The hearing is being held at the police station as an accommodation to the police authorities, owing to the large number of officers, who are involved as witnesses.

# Rifle User Being Hunted By Police

Some unknown person, apparently without a sense of the rights of others and without any regard for the laws, has been using a high powered rifle promiscuously in the County Line and Oak street districts recently. It was stated this morning by Chief of Police C. C. Horner.

This person has been shooting in some person is seriously injured or these districts without the least regard for the safety of the lives and property of the people residing there and using a gun, the bullet of which will travel several miles and penetrate a foot or more through solid objects.

So far, according to the chief, no person has been injured, and no property struck by the bullets, but if this is not stopped at once, the person responsible for the shooting if caught, will be given the full extent of the law, which is quite severe under the circumstances.

It is the hope of the chief that the person responsible will stop before this person has been shooting in some person is seriously injured or these districts without the least regard for the safety of the lives and property of the people residing there and using a gun, the bullet of which will travel several miles and penetrate a foot or more through solid objects.
